October 31, 2007

Honorable Mayor,
Members of the City Council and
Citizens of the City of Stockton, California

The City Charter and state law require that the City of Stockton, California (City) publish a complete set of financial statements presented in conformance with generally accepted accounting principles (GAAP) and audited by a firm of licensed certified public accountants. Pursuant to that requirement, we are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Stockton for the fiscal year ended June 30, 2007.

The intent of this report is to provide the City Council, citizens and City staff with a firm understanding of the City's financial position. Management assumes responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management has established an internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements. Because the cost of internal controls should not outweigh the benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatements.

Macias Gini & O'Connell LLP, an independent firm of licensed certified public accountants, has audited the City's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City of Stockton for the fiscal year ended June 30, 2007 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial

statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Based on the audit, the independent auditors concluded that there was reasonable basis for rendering an unqualified opinion which states that the City's financial statements for the fiscal year ended June 30, 2007, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City is part of a broader, federally mandated "Single Audit" designed to meet the needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information relating to this Single Audit, including a Schedule of Expenditures of Federal Awards, the independent auditor's report on internal controls, report on compliance with applicable laws and regulations, and a schedule of findings and recommendations are included in this CAFR.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditor's report.

Profile of the City of Stockton

The City of Stockton is located in the center of California's flourishing San Joaquin Valley and is the seat of San Joaquin County. Stockton is strategically located about 80 miles east of the San Francisco Bay area and 40 miles south of Sacramento, the capital of California. The City encompasses 60 square miles and has an estimated population of approximately 290,000 making it the 13th largest city in California. Stockton is surrounded by the rich and fertile lands of the California Central Valley and is home to the largest inland seaport in California.

The City was incorporated in 1850 and subsequently received its first charter, a special legislative charter, from the State in 1851. Stockton's first local Charter under the 1879 State Constitution was approved by the voters in 1888 and ratified by the State Legislature in 1889. The current Charter under which the City operates was approved by the voters in November 1922. The Charter was enacted in 1923 and changed the City from a commission form of government to

the current City Council – City Manager form of government. The City Charter has been amended over 100 times since it was originally approved in 1922.

Under the Council-Manager form of government, policy-making and legislative authority are entrusted to the City Council. The mayor and representatives from six districts are chosen by city-wide election for staggered four year terms, with a two term limit. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for appointing department heads, and overseeing the operation of the City. The City Manager, City Attorney, City Auditor, and City Clerk are appointed by the City Council.

The City provides a full range of municipal services. As provided by City Charter these include: public safety (police, fire, paramedics, and building), library, sanitation (solid waste disposal, wastewater, and storm water utilities), water utility, community development, parks and recreation, and general administrative services.

Certain community development activities and infrastructure construction are provided through the Stockton Redevelopment Agency, a legally separate entity. The City Council sits as the Redevelopment Agency's board, and the Agency functions as a department of the City.

This report includes the financial activity of separate legal entities whose activities the City controls. These entities include:

- Redevelopment Agency
- Stockton Public Financing Authority

Component unit (stand-alone) reports are available for the Redevelopment Agency.

Budgetary Controls

The annual budget serves as the foundation for the City's financial planning and control. In accordance with the provisions of the City Charter, the City Manager prepares and the City Council adopts a budget on or before June 30 for each subsequent fiscal year.

Each department is given budget targets based on a percentage of the General Fund revenue projections, and is given wide latitude in putting together its budget to meet City goals. The budget is prepared under the supervision of a budget officer and transmitted to the City Council for review 45 days prior to the beginning of each fiscal year. If the Council fails to adopt the annual budget by

the beginning of the new fiscal year, the amounts proposed in the budget by the City Manager are considered appropriated until the Council adopts a budget.

Budgetary control is at the department level within each fund. Fund transfers within like categories of the same department require approval from the City Manager's Office.

Economic Condition

Local Economy. During the last ten years, the City experienced economic growth that is now being followed by a decline in revenues. Stockton, along with many other Cities in California, is experiencing the effects of a slowing economy. Although the City's population increased by 1.3%, the unemployment rate rose by 2.10% during the same period.

Stockton's second largest revenue source, utility user tax, declined by \$4.2 million due to the City Council's approval of a 2005 resolution to reduce the utility user tax rate from 8% to 6%, with the final reduction from 7% to 6% effective July 1, 2006. A mild winter combined with lower prices for natural gas and a rebate given by the local gas provider added to the overall reduction in revenue in 2007.

Stockton's property tax base has shown a steady increase in revenues due to the building boom the City experienced earlier in the decade. An additional factor in the growth is the added market value increase in resale homes. As this slows due to a weakening housing market this revenue source will feel the effect.

Significant progress has been made on projects funded through the Strong Neighborhood Initiative (SNI) adopted by the Council in June 2006. The initiative included a sale of \$110 million in revenue bonds which are being used strictly within designated redevelopment project areas, specifically Midtown, North Stockton, and South Stockton, to improve neighborhood conditions, enhance community safety, expand community service, and strengthen community partnerships.

Long-Term Financial Planning. The Stockton City Council annually adopts a five-year Capital Improvement Program (CIP). The CIP serves as a plan of the public projects necessary for orderly implementation of the Stockton General Plan. The 2007-12 CIP proposes a total spending plan over the next five years of \$1,190,869,000. The five-year CIP is a planning document that does not appropriate funds for projects. The first year of the CIP is incorporated into the adopted annual budget for fiscal year 2007-08. The CIP appropriation for fiscal year 2007-08 is \$98,673,000.

Cash Management and Policies. The government code and City policy stipulate how the City's temporarily idle cash can be invested. The City adopts an investment policy annually that is intended to provide guidelines for the prudent investment of the City's balances, and outlines the policies to assist in maximizing the efficiency of the City's cash management system while meeting the daily cash flow demands of the City. The market value for the City's investment portfolio of June 30, 2007 was \$280,776,03. The effective rate of return on investments not held by fiscal agents for the fiscal year ending June 30, 2007 was 4.30%.

In September 2006, the Budget, Finance and Economic Development Committee requested the Administrative Services Department explore the feasibility of contracting for investment portfolio management services. Subsequently the Council authorized a Request for Proposal (RFP) be issued for these services. Effective July 1, 2007, the City entered into an agreement with Chandler Asset Management for management of the City's long term cash portfolio. The daily cash management is being managed by the Assistant Director of Administrative Services.

Additional information on cash management can be found in Note 1 and 2 in the notes to the financial statements.

Risk Management. The City is self-insured for general liability, workers' compensation, and health insurance. The City participates in two multi-agency joint powers authorities to provide excess insurance coverage, one for liability coverage and one for workers' compensation coverage. The City also has established three internal service funds to accumulate resources to cover potential uninsured losses. Additional information on the City's risk management activities can be found in Note 10 in the notes to the financial statements and in the internal service fund financial statements of this report.

Retirement and Other Post Employment Benefits. The City participates in the California Public Employees' Retirement System (CalPERS) and makes contributions for its public safety and non-safety employees to the retirement plans based on amounts determined by CalPERS actuaries. The City also pays the employees' required contributions as part of its benefit package.

In addition to providing retirement benefits through CalPERS, the City, in accordance with various Memorandums of Understanding, also provides post employment health benefits to certain retired employees. Additional information on the City's retirement plan and post employment benefits can be found in Notes 9 and 11 in the notes to the financial statements.

On April 5, 2007, the City issued taxable Pension Obligation Bonds in the amount of \$125,310,000. The bonds were issued to restructure approximately 85% of the

unfunded obligations of the City's pension plans and to fix the amortization of the remaining 15% on the unfunded accrued actuarial liability to a 30-year time frame. The purpose of this action was to reduce cost of funding this benefit and ensure that the unfunded liability is not pushed indefinitely into the future.

Major Initiatives. Each year the Council reviews how planned improvements are working and determines how changes in direction or process would benefit City residents. During 2006-07, Council established the following goals for 2007-08:

- A. Reduce crime and improve safety
- B. Maintain open and thorough processes for monitoring the fiscal health of the City.
- C. Articulate a vision for the ongoing revitalization of downtown, the waterfront, and continued infrastructure, economic development, and redevelopment initiatives throughout the City.
- D. With regional sensitivity develop a vision for long-term growth for Stockton to provide for appropriate and viable development and economic growth.
- E. Evaluate the integration of technology into operations in the delivery of services.
- F. Develop a strategy to meet the diverse housing needs of the City.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended June 30, 2006. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City has received a Certificate of Achievement for the last 18 consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA again this year for the Certificate of Achievement.

The preparation of this report would not have been possible without the efficient and dedicated services of the Accounting Division, as well as other Administrative Services Department staff. In addition, staff in all City departments should be recognized for their cooperative efforts in responding to the many questions and

requests for detailed information that accompanies the preparation and production of the CAFR.

We also want to thank the Mayor, members of the City Council, and the Audit Committee for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

MARK MOSES
DIRECTOR OF ADMINISTRATIVE
SERVICES/ CFO

JANET SALVETTI
ASSISTANT DIRECTOR OF
ADMINISTRATIVE SERVICES

CITY MANAGER

**Certificate of Achievement for
Excellence in Financial
Reporting**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Stockton, California for its comprehensive annual financial report for the fiscal year June 30, 2006.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Stockton, California (the City), as of and for the fiscal year ended June 30, 2007, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City management. Our responsibility is to express opinions on these financial statements based on our audit

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2007, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

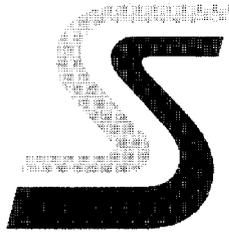

The management's discussion and analysis, schedules of defined benefit pension plans funded status and schedule of revenues, expenditures and changes in fund balance – budget and actual – on a budgetary basis – General Fund, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION
AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis

The following is presented as discussion and analysis of the financial performance of the City of Stockton (City) for the fiscal year ended June 30, 2007. Please consider the information presented here in conjunction with the information furnished in the Letter of Transmittal, which can be found at the beginning of the Comprehensive Annual Financial Report.

FINANCIAL HIGHLIGHTS

- At the close of the 2007 fiscal year, the City's assets exceeded its liabilities by \$1,303,731,000 (net assets). Of this amount, \$26,455,000 (unrestricted net assets) may be used to meet ongoing obligations to citizens and creditors, \$216,822,000 is restricted for specific purposes (restricted net assets), and \$1,060,454,000 is invested in capital assets, net of related debt.
- The City's total net assets increased by \$107,261,000. Governmental activities accounted for \$87,709,000 of this increase and business-type activities accounted for the remaining \$19,552,000. Key factors in this increase were capital grants, development related fees, contributions of capital assets from developers, and property taxes, including incremental property tax revenues, which exceeded budgetary estimates.
- Investment earnings totaled \$17,409,000, an increase of \$10,553,000 from the prior fiscal year. This is made up of an increase of \$8,667,000 in interest income, including \$3,625,000 in interest earned on bond proceeds from the Redevelopment Agency Revenue Bonds discussed below, combined with a net increase of \$1,886,000 in the fair value of investments. Overall the increase in investment earnings also reflects the fact that the City's average rate of return on its general investment pool rose from 2.38% in fiscal year 2006 to 4.30% in fiscal year 2007. The City also realized improved rates of return on other investments, as well.
- The City's long-term liabilities related to governmental activities increased by \$241,155,000 or 158% at fiscal year end. The increase reflects the issuance of \$125,310,000 in Pension Obligation Bonds and \$110,185,000 in Redevelopment Agency Revenue Bonds, referred to as the Strong Neighborhoods Initiative (SNI).
- Long-term liabilities related to enterprise funds decreased by \$2,523,000 or 1%, due to principal repayments made during the year.
- The City's governmental activities reported pension assets of \$123,675,000 for the first time in fiscal year 2007. The proceeds of the pension obligation bonds mentioned above were used to prepay the City's Annual Required Contributions to CalPERS.
- As of June 30, 2007, the City's governmental funds reported combined ending fund balances of \$306,698,000, an increase of \$125,044,000 or 69% from fiscal 2006. Key drivers in this increase are \$110,185,000 of proceeds of long-term debt reported in the Redevelopment Agency Fund from the sale of the SNI bonds mentioned above and a \$20,027,000 increase of revenues in the governmental funds. The revenue increases reflect significant growth in property tax revenues, federal grants and subsidies, and other governmental revenues, which include increases from Motor Vehicle License Fees (VLF) and gas tax revenues. This was offset by decreases in charges for services, utility users tax, and other shared revenue (sales and use tax levied by the State).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended as an introduction to the City's basic financial statements. The basic financial statements are comprised of three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the financial statements. In addition to the basic financial statements, this report includes other supplementary information. **Government-wide Financial Statements** are designed to provide readers with a broad overview of the City's finances and information about the activities of the City as a whole.

The government-wide financial statements include the statement of net assets and the statement of activities. Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include public safety, public works, library, parks and recreation, and general government services. The business-type activities of the City include water utility, wastewater utility, stormwater utility, the parking district, and golf courses, as well as the solid waste operation, which is in the process of being phased out.

The government-wide financial statements include the governmental activities of the Redevelopment Agency and the Stockton Public Financing Authority. Although legally separate from the City, these component units are blended with the primary government because of their governance or financial relationships to the City.

The **Statement of Net Assets** presents information on all City assets and liabilities. The difference between the two is reported as net assets. Over time, increases or decreases in net assets and liabilities may serve as a useful indicator of whether the City's financial position is improving or deteriorating.

The **Statement of Activities** presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements can be found on pages 17-19 of this report.

Fund Financial Statements are designed to report information about groupings of related accounts, which are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with legal reporting requirements. All of the funds of the City can be divided into the following three categories: **Governmental Funds, Proprietary Funds, and Fiduciary Funds.**

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on how financial assets can readily be converted to available resources and the balances left at year end that are available for spending. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison.

The City maintains several individual governmental funds organized according to their type (the General Fund, special revenue funds, debt service funds, capital projects funds, and the Permanent Fund). Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Public Facilities Impact Fees Fund, Capital Improvement Fund, and Redevelopment Agency Fund which are considered to be major funds. Data from the remaining nonmajor governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. The basic governmental funds financial statements can be found on pages 24-33 of this report.

Proprietary Funds. Proprietary funds are generally used to account for activities for which the City charges a fee to either its external or internal customers. Proprietary funds provide the same type of information as in the government-wide financial statements, only in more detail. The City maintains two types of proprietary funds:

- **Enterprise Funds** are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the operations of the Water Utility, Wastewater Utility, Stormwater Utility and Central Parking District, which are considered major funds. Data for the remaining nonmajor enterprise funds are combined into a single, aggregated presentation.
- **Internal Service Funds** are used to report activities that provide goods and services for certain City programs and activities. The City uses internal service funds to account for its fleet of vehicles, information technology systems, radio and other equipment, and the City's self insurance programs. Because these services predominately benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 34-41 of this report.

Fiduciary Funds. The fiduciary funds are used to account for resources held for the benefit of parties outside the government. This includes resources related to land secured financing, employee payroll withholdings, area of benefit fees, public facilities fees, and other miscellaneous. The City's fiduciary funds are reported as agency funds and are not reflected in the government-wide financial statements since the resources of the funds are not available to support the City's own programs. The basic fiduciary funds financial statement can be found on page 42 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 43-85 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information. This information provides a budgetary comparison schedule for the City's General Fund, as well as information about the City's participation in the California Public Employees' Retirement System defined benefit pension plan. Required supplementary information can be found on pages 87-91 of this report. The combining statements referred to earlier in connection with nonmajor governmental funds, nonmajor enterprise funds, and internal service funds are presented immediately following the required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve as a useful indicator of a government's financial position. City assets exceeded liabilities by \$1,303,731,000 at the close of the fiscal year, which is a \$107,261,000, or 9% increase from fiscal year 2006. Of this increase, \$87,709,000 is attributable to governmental activities and is mainly due to capital grants and contributions from developers, development related fees, and increases in various revenues including property taxes and incremental property taxes. The remaining \$19,552,000 increase is in the business-type activities and reflects contributed capital, including connection fee revenues and contributions of capital assets from developers.

The largest component of the City's net assets is its investment of \$1,060,454,000, 81%, in capital assets (e.g., land and easements, buildings and improvements, infrastructure, and equipment), less any related outstanding debt used to acquire these assets. Capital assets contributed by developers traditionally account for significant growth in the City's net assets. The City uses these capital assets to provide services to citizens; consequently, these are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be liquidated to reduce these liabilities.

An additional portion of the City's net assets, \$216,822,000 or 17%, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$26,455,000, 2%, may be used to meet the City's ongoing obligations to citizens and creditors. Unrestricted net assets increased by \$4,487,000, 20% from fiscal year 2006.

City of Stockton's Net Assets

Total net assets	\$837,038	\$749,329	\$466,693	\$447,141	\$1,303,731	\$1,196,470

The deficit unrestricted net assets in governmental activities decreased by \$5,054,000 during the year. Key factors in the decrease of this deficit were taxes and other revenues which exceeded budgetary estimates and expenses in the General Fund and the Capital Improvement Fund combined with a decrease of \$7,715,000 in the deficit unrestricted net assets in the three insurance internal service funds. The Workers' Compensation Insurance Fund reported a decrease of \$5,218,000 in deficit unrestricted net assets. These factors were offset by a \$10,538,000 decrease in fund balance in the General Fund, which reflects the \$5,991,000 transfer to close out the Emergency Medical Transportation Fund.

Current and other assets in governmental activities increased by \$274,894,000, which includes \$93,062,000 in unspent bond proceeds from the SNI bonds and the \$123,675,000 pension asset. Long-term liabilities in governmental activities increased by \$241,155,000, which also reflects balances related to the SNI bonds, \$112,562,000, and the Pension Obligation Bonds, \$125,310,000.

Business-type activities unrestricted net assets decreased by \$567,000. This includes decreases of \$1,598,000 in the Wastewater Utility, \$750,000 in the Stormwater Utility and \$881,000 in the Central Parking District, offset by increases of \$2,599,000 in the Water Utility and \$63,000 in Other Enterprise Funds.

Net assets, end of year	\$837,038	\$749,329	\$466,693	\$447,141	\$1,303,731	\$1,196,470

Governmental Activities. Governmental activities accounted for \$87,709,000 or 82% of the total increase in the City's net assets.

Capital grants and contributions accounted for a significant amount of this growth. This includes:

- \$19,523,000 in contributions of capital assets from developers
- \$9,418,000 in federal grants and \$14,863,000 from San Joaquin County for construction of the Hammer Ln/Highway 99 Interchange
- \$3,321,000 in State grant revenues from the 2002 Program Resources Bond Act for playground construction

While down from fiscal year 2006, public facilities fees totaling \$21,468,000 also contributed to the increase in governmental net assets.

The City's governmental activities also realized the following revenue increases:

- Property taxes increased \$12,520,000 or 26%. This is related to increased assessed valuations resulting from the growth in new homes and the strong resale market from previous years, as well as the growth in tax increments from the addition of the North Stockton Redevelopment Project Area.
- Vehicle License Fees increased \$4,488,000 or 25% primarily due to the City not having to contribute any VLF back to the State of California as had been the case in the previous two years.

Decreases in governmental activities revenues occurred as follows:

- Charges for services decreased \$15,400,000, or 16%. Although there was a rate increase to public facilities fees effective July 24, 2006, revenue from public facilities fees and other development related fees decreased significantly due to the decline in construction activity.
- Utility user tax decreased \$4,212,000, or 12%, as a result of the final reduction in the rate from 7% to 6% effective July 1, 2006.
- Other shared revenue (sales and use tax levied by the State) decreased by \$5,318,000 and more properly reflects the matching of revenues to expenditures for 2007. This was offset by an increase of \$1,796,000 in property tax in lieu of sales tax, which replaced a quarter of the City's 1% sales tax rate that was transferred to the State beginning in fiscal year 2005 as part of the revenue shift approved by constitutional amendment and referred to as the "triple flip".

Investment earnings in governmental activities totaled \$11,436,000, an increase of \$7,979,000 or 231% from fiscal year 2006. Interest income of \$9,873,000 in governmental activities includes \$3,625,000 in interest earned on bond proceeds from the SNI Bonds issued in July 2006. Governmental activities also realized a \$1,563,000 net increase in the fair value of investments. The increase in investment earnings reflects the growth in the average rate of return on the City's general investment pool, in addition to improved rates of returns on other investments, as well.

Key increases in governmental expenses occurred as follows:

- Public safety increased \$12,383,000, mainly due to costs associated with hiring additional police and fire personnel in the Measure W Public Safety Tax Fund and cost of living increases.
- Public Works increased \$19,912,000, mainly due to non-capital costs related to street resurfacing, contributions towards construction of Trinity Askland Bridge, and sub-recipient grants and loan costs related to downtown code enforcement and other CDBG and HOME programs.

Business-type Activities. Business-type activities accounted for \$19,552,000 or 18% of the total increase in the City's net assets. The key elements of this increase are:

- Contributions of capital assets from developers:
 - Water Utility: \$4,914,000
 - Wastewater Utility: \$5,761,000
 - Stormwater Utility: \$6,243,000
- Connection fees:
 - Water Utility: \$1,721,000
 - Wastewater Utility: \$5,082,000

Investment earnings in business-type activities totaled \$5,973,000, an increase of \$2,574,000 or 76% from fiscal year 2006. This also reflects the improved rates of return on investments during fiscal year 2007.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with legal reporting requirements.

Governmental Funds. The focus of the City's governmental funds is providing information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the City include the General Fund, special revenue funds, debt service funds, capital projects funds, and the Permanent Fund.

As of June 30, 2007 the City's governmental funds reported combined ending fund balances of \$306,698,000, an increase of \$125,044,000 from the prior fiscal year.

Revenues for governmental funds overall totaled \$368,430,000 in fiscal year 2007, which represents an increase of \$20,027,000 from fiscal year 2006. Other financing sources exceeded other financing uses by \$111,210,000, which reflects bond proceeds of \$110,509,000 from the SNI bond. Expenditures for governmental functions totaled \$354,596,000, a decrease of \$3,260,000 from the prior fiscal year. During fiscal year ended June 30, 2007 revenues for governmental functions exceeded expenditures by \$13,834,000 or almost 4%. This reflects revenues from development related fees as well as increases in revenues from property taxes, including incremental tax revenues, federal grants and subsidies and other governmental revenues. The governmental functions also reported substantial expenditures from the Public Facilities Fees Fund, the Capital Improvement Fund and the Redevelopment Agency Fund for various capital improvement projects as described below.

The General Fund is the chief operating fund of the City. At the end of the fiscal year, the General Fund's unreserved fund balance was \$15,761,000 and has been designated as follows: \$1,620,000 for catastrophic events, \$1,620,000 for budget contingency/budget uncertainty, \$5,000,000 for capital improvement projects, \$4,021,000 for future appropriations, and \$3,500,000 for liability. As a measure of the General Fund's liquidity, it is useful to compare the following designated unreserved fund balances to the General Fund's total expenditures of \$176,488,000: designated for catastrophic events, 0.9%, designated for budget contingency/budget uncertainty, 0.9%, and future appropriations, 2.3%. The total fund balance for the General Fund is \$20,930,000, which includes the designated unreserved fund balances of \$15,761,000, as mentioned above, and reserved fund balance in the amount of \$5,169,000. General Fund revenues exceeded expenditures by \$9,988,000, mostly as a result of \$3,681,000 in state mandated cost reimbursements and other governmental revenues which exceeded budgetary estimates, as discussed under General Fund Budgetary Highlights; however, other financing uses exceeded other financing sources by \$20,526,000 which reflects a transfer out to close out the Emergency Medical Transportation Fund. The net result was to decrease fund balance by \$10,538,000.

The Public Facilities Impact Fees Fund accounts for the collection and expenditure of fees imposed as a condition of new development within the City. At the end of the fiscal year, the Public Facilities Impact Fees Fund's total fund balance of \$58,997,000 was reported as reserved. This represents an increase of \$3,751,000 from the prior fiscal year. Revenues, which consist mainly of development related fees, were \$3,840,000 more than expenditures. Capital outlay expenditures totaling \$20,847,000 funded the construction of a major street widening project (Hammer Lane), several traffic related projects, park improvements and the Airport Way Senior Center.

The Capital Improvement Fund accounts for the acquisition, construction, and improvement of capital facilities financed by grants and transfers from other City funds. The Capital Improvement Fund reported a reserved fund balance of \$21,121,000 and an unreserved fund balance of \$2,676,000 at fiscal year end. Expenditures exceeded revenues by \$1,966,000; however, other financing sources exceeded other financing uses by \$2,663,000, resulting in a net increase in fund balance of \$697,000. Capital outlay expenditures totaling \$10,794,000 funded the final construction of the Stockton Events Center-Arena project, recreational facility renovations including a youth center and soccer complex.

The Redevelopment Agency Fund reported total fund balance of \$70,411,000 at the end of the fiscal year. This reflects a reserved fund balance of \$100,986,000 and a deficit unreserved fund balance of \$30,575,000. In addition to \$11,939,000, which is reserved for encumbrances, the Redevelopment Agency also reported \$85,913,000, which is reserved for capital projects. For the most part the positive fund balance is essentially due to bond proceeds of \$110,185,000 received in the current fiscal year. Expenditures of \$19,803,000 are attributable to the start of several construction and street improvement projects including the Van Buskirk Community Center renovations, and the Mercy Housing Block project. This was offset by an increase of \$9,441,000 or 63% in incremental property tax revenues, due to continued growth in the North Stockton Redevelopment Project area.

Proprietary Funds. At the end of the fiscal year, unrestricted net assets were reported as follows: the Water Utility, \$19,474,000, the Wastewater Utility, \$9,837,000, and the Stormwater Utility, \$2,561,000. The Central Parking District reported deficit unrestricted net assets of \$1,199,000. The Solid Waste and Golf Courses are combined for financial reporting purposes and together had deficit unrestricted net assets of \$775,000. The internal service funds had unrestricted net assets of \$1,378,000.

The total growth in net assets for the enterprise funds was \$19,552,000. Factors concerning the finances of these funds have been addressed previously in the discussion of the City's business-type activities.

The internal service funds had an increase in net assets of \$8,517,000. For the most part, this reflects increases in net assets of \$1,247,000 in the General Liability Insurance Fund, \$5,218,000 in the Workers' Compensation Insurance Fund, \$1,250,000 in the Health Benefits Insurance Fund, and \$2,086,000 in the Other Insurance Fund, offset by decreases in net assets of \$511,000 in the Central Garage Fund and \$866,000 in the Computer Equipment Fund.

GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and the final amended budget reflect an increase in appropriations of \$4,340,000. This includes additional appropriations of \$2,338,000 that were needed due to unbudgeted revenue administration charges in the general government non-departmental function and \$938,000 for increased public safety salary costs. In addition, increased operating transfers of \$10,062,000 were approved during the year. This included \$5,991,000 to close out the Emergency Medical Transportation Fund, \$950,000 to complete the construction of a Soccer Field/Detention Basin, \$811,000 for the City's share of construction costs of the McNair Community Center joint use facility and \$450,000 for land acquisition related to Fremont Street widening.

During the year, actual revenues exceeded budgetary estimates by \$8,684,000. Some key revenues that exceeded budgetary estimates are as follows:

- An additional \$3,014,000 in property taxes, reflecting the increase in assessed valuations from the growth in new homes, commercial properties and significant turnover in the housing market in recent years.
- Utility users tax exceeded budgetary estimates by \$1,601,000 in spite of the reduction of the rate from 7% to 6% as July 1, 2006.
- \$3,321,000 in other governmental revenue, which predominantly consists of the Motor Vehicle License Fee.
- \$1,116,000 in interest income due to improved rate of return on pooled investments.
- \$3,470,000 in refunds and reimbursements, primarily due to state mandated cost reimbursements received during the year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of June 30, 2007 amounts to \$1,265,786,000. This investment in capital assets includes land and easements, buildings and improvements, machinery and equipment, park facilities, roads, street, and bridges. The total increase in the City's capital assets for the fiscal year was \$94,004,000 or 8%, which represented a 10% increase for governmental activities and a 5% increase for business-type activities, as shown in the table below. Governmental activities reflect \$84,204,000 for the Hammer Lane/Southbound 99 and Hammer Lane widening projects. This includes \$56,242,000 that was carried as construction in progress at the end of fiscal year 2006 plus the addition of \$27,771,000 during fiscal year 2007.

Changes in Capital Assets, Net of Depreciation (dollar amounts in thousands)

	Governmental Activities		Business-type Activities		Total	
	2007	2006	2007	2006	2007	2006

Additional information on the City's capital assets can be found in Note 5 on pages 59-60 of this report.

Long-term debt. At the end of the fiscal year, the City's total outstanding bonded debt was \$477,900,000. Of this amount, \$312,492,000 was related to governmental activities, including \$13,009,000 of lease revenue bonds for the City's Essential Services Building/Parking Structure, \$13,214,000 of certificates of participation for redevelopment housing projects, and \$125,310,000 of pension obligation bonds. Bonded debt of the Redevelopment Agency is also reported in governmental activities, including \$48,473,000 of revenue bonds for the Stockton Events Center-Arena Project and \$112,486,000 of revenue bonds for various redevelopment and housing projects referred to as the Strong Neighborhoods Initiative (SNI). During fiscal year 2007, the City's net bonded indebtedness related to governmental activities increased by \$237,677,000. Key factors in the increase were the issuance of the 2007 Series A and B Taxable Pension Obligation Bonds in the amount of \$125,310,000 to refinance a portion of the City's unfunded actuarial liability with respect to retirement benefits and the 2006 Series A, B, and C Revenue Bonds issued by the Redevelopment Agency in the amount of \$112,562,000 to fund the SNI project mentioned above.

Bonded debt related to business-type activities totaled \$165,408,000. Of this amount \$36,250,000 is revenue bonds backed by the Water Utility, \$96,523,000 is certificates of participation backed by the Wastewater Utility, and \$32,635,000 is lease revenue bonds backed by the Central Parking District. During fiscal year 2007, the City's net bonded indebtedness related to business-type activities decreased by \$2,610,000 due to principal repayments and amortization of deferred charges.

Additional information on the City's long-term debt can be found in Note 6 on pages 61-72 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

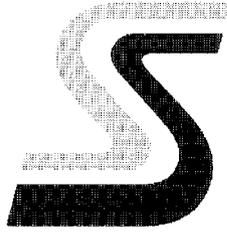

- Many sources of revenue received by the City have associated costs assigned by agencies that provide the revenue. The sales tax, property tax, and utility users tax have associated charges from the State, County, or outside consultants for their work associated with collection, distribution, or auditing of the revenues. The City's practice has been to budget revenues net of the associated collection costs. Although this practice continued for the 2007 budget, costs associated with obtaining revenues were reported as expenditures in these financial statements in accordance with the audit report's recommendations. Next year's budget reflects this accounting change with the result that several revenue accounts will have slightly higher budgets; however, there will be corresponding increases in the appropriations to a number of expenditure accounts. There is no net affect on the City's finances, just a change that reflects accepted practices for budgeting and financial reporting.
- The City's largest General Fund revenue sources are sales and use tax, utility user tax (UUT), property tax, and the motor vehicle license fee (VLF). With the exception of UUT, the proportion the City receives from each source is determined by the State.
- Sales tax is the number one factor in overall General Fund revenue. The City receives its one percent share from two sources. The State remits three-quarters of one percent, and the remaining one-quarter of one percent comes from property tax in lieu of sales tax. Economic development efforts, as well as a very healthy diversity in the types of businesses located within Stockton, have resulted in a steady stream of revenue from these sources in the current year, with modest growth projected for next year.
- Property tax revenue remains steady, although without the same gains as seen in prior years, due to slower growth in new homes, resale of existing properties and property improvement projects.
- The final reduction of the Utility User's Tax (UUT) to 6% occurred in the current year, and therefore, total UUT was lower than in 2006. While UUT revenues are expected to remain steady next year, the budget projection for 2008 is approximately 7.5% higher than 2007 based on the change in budgeting and accounting practice discussed above.
- Through the agreements reached with the passage of Proposition 1A, fiscal year 2006 was the second and final year that the City was required to make a contribution of \$2.7 million to the State of California from its Motor Vehicle License Fee proceeds, and the higher total VLF revenue in fiscal year 2007 reflected that adjustment. The anticipated growth between current year and next is approximately 5.3%.

- Measure W is a voter approved local sales tax of one-quarter of one percent that continues to provide funds exclusively to address Stockton's public safety needs, with the ultimate objective of funding 40 additional police officers and 28 additional sworn fire fighters. The 2008 fiscal year budget includes a full year of funding at \$10.8 million. During the upcoming fiscal year, the Police Department anticipates hiring an additional 5 sworn employees, bringing the total to 40. The Fire Department anticipates hiring 1 additional sworn employee, bringing the total to 28.
- The fiscal year 2008 Budget and Fee Schedule contains fees for services provided to the public, including cost recovery fees for development, as well as the provision of dispatching services to the residents of Stockton by the Police and Fire Department. Most fees contain an automatic inflation adjustment.
- As of June 30, 2007 state mandated costs reimbursement (SB-90) claims totaling \$2,231,000 are reported as deferred revenue in the General Fund because the State did not appropriate funds for this reimbursement in fiscal year 2007.
- The unemployment rate for the City was 9.3% as of June 2007. The local unemployment rate is 4.1 percentage points higher than the State unemployment rate of 5.2%, which has increased since June 2006.

REQUESTS FOR INFORMATION

This financial report is designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Administrative Services Department of the City of Stockton at City Hall, 425 North El Dorado Street, Stockton, CA 95202.

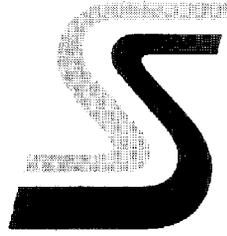

CITY OF STOCKTON

FUND FINANCIAL STATEMENTS

FUND FINANCIAL STATEMENTS

Governmental Fund Types

Governmental funds consist of the General Fund, special revenue funds, debt service funds, capital projects funds, and permanent funds.

Major Governmental Funds include:

- **General Fund**
The fund used to account for resources that are not required legally or by sound financial management to be accounted for in another fund.
- **Public Facilities Impact Fees**
To account for the collection of and expenditure of fees imposed as a condition of new development within the City. Impact fees have been established for each of the following types of public facilities:
 - Traffic signals
 - Street improvements
 - Community recreation centers
 - City office space
 - Fire stations
 - Libraries
 - Police stations
 - Parkland, street tree & street signs
 - Street light in-lieu
 - Air quality mitigation
 - Public facilities fees - administration
- **Capital Improvement**
To account for the acquisition, construction and improvement of capital facilities financed by grants and operating transfers from other City funds.
- **Redevelopment Agency**
To account for the acquisition, relocation, demolition and sale of land for those portions of the City earmarked for redevelopment. Projects are financed from bond proceeds, loans from other city funds and property tax increment revenue.

Proprietary Fund Types

Proprietary funds consist of the enterprise funds and the internal service funds.

Major enterprise funds include:

- **Water Utility**
To account for activities associated with the acquisition or construction of water facilities, production, distribution and transmission of potable water to users.
- **Wastewater Utility**
To account for activities associated with the acquisition or construction, and operation and maintenance of wastewater facilities for collection, treatment, and disposal of wastewater.
- **Stormwater Utility**
To account for activities associated with the acquisition or construction, and operation and maintenance of stormwater facilities for drainage and disposal of stormwater.
- **Central Parking District**
To account for activities associated with the acquisition or construction, operation and maintenance of off-street parking facilities.

Fiduciary Fund Type

The fiduciary funds are the:

- **Agency Funds**
To account for assets held in an agency capacity for parties outside the City. The resources of these funds cannot be used to support the City's own programs.

CITY OF STOCKTON

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET ASSETS JUNE 30, 2007 (With comparative totals as of June 30, 2006) (Dollar amounts in thousands)

	2007	2006
Amounts reported for governmental activities in the statement of net assets are different because:		
Total fund balances - total governmental	\$ 306,698	\$ 181,654
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.		
Nondepreciable capital assets	202,259	188,656
Depreciable capital assets, net	531,166	474,094
Internal service funds are used by management to charge the costs of central garage, computer equipment, radio equipment, other equipment, general insurance, workers' compensation insurance, health benefits insurance, other insurance, and retirement to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.		
	12,293	3,776
Various long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds as follows:		
Compensated absences	(23,416)	(20,745)
Bonds payable and other long-term debt	(197,207)	(87,289)
Unamortized bond discounts, premiums and deferred amount on refunding	(2,837)	(550)
Accrued interest	(3,219)	(1,085)
Other long-term assets are not available to pay for current-period expenditures and, therefore, are:		
deferred in the governmental funds, or	7,542	8,948
not recorded in the governmental funds.	<u>3,759</u>	<u>1,870</u>
Net assets of governmental activities	<u>\$ 837,038</u>	<u>\$ 749,329</u>

The notes to the financial statements are an integral part of this statement.

CITY OF STOCKTON

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2007

(With comparative totals for the year ended June 30, 2006)

(Dollar amounts in thousands)

	2007	2006
Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances (deficit) - total governmental	\$ 125,044	\$ (3,162)
Governmental funds report capital outlays as expenditures. As donated capital assets don't create or use financial resources, they are not reported in governmental funds. However, in the statement of activities the costs of those assets are allocated over their estimated useful lives and reported as depreciation expense. Capital outlays, donated capital assets and depreciation expense are as follows:		
Capitalized capital outlays	64,627	101,399
Donated capital assets	19,382	2,831
Depreciation expense	(13,324)	(8,865)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, dispositions, etc.) is to decrease net assets.	(10)	-
Long-term debt (including refunding debt), net of bond premiums and discounts, provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of principal (including bond refundings) and costs of issuance are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets, and the costs of issuance increase deferred charges in the statement of net assets. Long-term debt proceeds, bond premiums, discounts, repayment of principal, costs of issuance and bond refundings are as follows:		
Long-term debt issuance	(110,509)	(14,608)
Premiums on debt issuances	(2,377)	-
Discounts on debt issuances	-	86
Repayment of principal	591	689
Costs of issuance	2,069	341
Bond refunding	-	14,604
Internal service funds are used by management to charge the costs of certain activities, such as central garage, equipment and insurance, to individual funds. The net revenue (expense) of internal service funds is reported with governmental activities.	8,517	14,379
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.	(1,406)	(615)
Other expenses in the statement of activities that do not use current financial resources are not reported as expenditures in the governmental funds.		
Change in compensated absences	(2,671)	(2,575)
Amortization of bond discounts and premiums, costs of issuance, and deferred amount on refunding	(90)	(16)
Change in accrued interest	(2,134)	194
Change in net assets of governmental activities	<u>\$ 87,709</u>	<u>\$ 104,682</u>

The notes to the financial statements are an integral part of this statement.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity – The City of Stockton (City) was incorporated on July 25, 1850 under the general laws of the State of California. Under the charter adopted in 1923, the City operates under a Council-Manager form of government. There are seven elected council members including the Mayor and a council appointed City Manager. The following services, as authorized by the charter, are provided by the City: public safety (police, fire, paramedics, and building), sanitation (solid waste disposal, wastewater, and stormwater utilities), water utility, community development, library, parks and recreation, and general administrative services.

As required by generally accepted accounting principles in the United States and Governmental Accounting Standards Board (GASB) Statement 14, these financial statements present the City and its component units. Component units are legally separate entities for which the government is considered to be financially accountable. Additionally, blended component units can be organizations for which the primary government's exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Each blended component unit has a June 30th year-end.

The following is a brief overview of the component units included in the City's accompanying financial statements. Financial information for these component units can be obtained from the City's Administrative Services Department.

The Redevelopment Agency of the City (Agency) was formed to prepare and carry out plans for improvement, rehabilitation and redevelopment of blighted areas within the City. City Council members in concurrent sessions serve as the governing board of the Agency, and all accounting and administrative functions are performed by the City. The Agency is reported in the City's fund financial statements as a special revenue fund, debt service fund, and capital projects fund, as well as in the City's government-wide financial statements.

The Stockton Public Financing Authority (SPFA) was created in June 1990 and carries out lease financing for the City General Fund, Redevelopment Agency, Water Utility, Wastewater Utility, and Central Parking District. The members of the City Council also serve as the governing board of the SPFA. The SPFA is reported in the City's fund financial statements in the debt service funds, capital projects funds, enterprise funds, and the internal service funds, as well as in the City's government-wide financial statements. Consistent with the National Council on Governmental Accounting (NCGA) Statement No. 5 and GASB Statement 14, capital leases between the primary government and blended component units are eliminated. The debt and assets are reported in the primary government. The SPFA also issues various land secured debt financings with no City commitment. This activity is reported in the fiduciary funds.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Because the City Council serves as the governing body of the Agency and SPFA, the financial activities of these entities are integrally related to those of the City and are “blended” with those of the City.

An additional governmental agency in which the City participates is the San Joaquin Area Flood Control Agency (SJAFCA) which is jointly governed by the City and San Joaquin County. The City retains neither on-going financial interest in nor obligation to SJAFCA, therefore financial information for the organization is not included in the accompanying financial statements.

Basis of Accounting and Measurement Focus -

Government-wide and Fund Financial Statements – The government-wide financial statements include a statement of net assets and a statement of activities. These statements present summaries of governmental activities for the City. Fiduciary activities of the City are not included in these statements. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or program are offset by program revenues. *Direct expenses* are those expenses specifically associated with a service, program, or department and, are clearly identifiable with a specific function or program. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as *general revenues*.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Fiduciary funds have no measurement focus.

For this purpose, the government considers intergovernmental revenues, which are primarily grants and subventions, received as reimbursement for specific purposes or projects to be available if they are expected to be received within the upcoming year to repay interfund liabilities incurred as a result of borrowing the cash in order to pay the expenditures. Other major revenues in accordance with GASB Statement No. 22, "Accounting for Taxpayer Assessed Tax Revenues in Governmental Funds" are considered to be available if they are collected within 60 days of the end of the current fiscal period. Revenues considered to be available include sales and use, gas, utility user and hotel/motel room taxes, franchise fees, interest, and intergovernmental revenues, which are virtually unrestricted as to purpose of expenditure and revocable only for failure to meet prescribed compliance requirements. All other revenue items, such as business licenses and fines and penalties, are considered to be measurable and available only when received by the City.

Property taxes receivable are recorded in the fiscal year for which the tax is levied. Revenue is recognized when measurable and available. The County of San Joaquin (County) levies, bills and collects property taxes for the City. Property taxes paid to the City by the County within 60 days after the end of the fiscal year are "available" and are, therefore, recognized as revenue.

Secured and unsecured property taxes are levied based on the assessed value as of January 1, the lien date, of the preceding fiscal year. Secured property tax is levied on October 1 and due in two installments, on November 1 and February 1. Collection dates are December 10 and April 10, which are also the delinquent dates. Under the Teeter Plan, the County pays the City 100% of the tax that is levied. The County assumes responsibility for collecting any delinquent amounts and retains penalties and interest for those amounts.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred revenue is that for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. The City typically records deferred revenue related to uncollected estimated special assessments not yet payable and intergovernmental revenues (primarily grants and subventions) received but not earned.

The City reports the following major governmental funds:

The **General Fund** is the primary operating fund of the City. It accounts for normal recurring activities traditionally associated with government, which are not required to be accounted for in another fund. These activities are funded primarily by property taxes, utility user taxes, sales and use taxes, franchise fees, business licenses, state grants, charges for services, and interest and rental income.

Public Facilities Impact Fees Capital Projects Fund accounts for the collection of and expenditure of fees imposed as a condition of new development within the City. Impact fees were established in July 1988 by Ordinance No. 56-88 C.S. for each of the following types of public facilities:

traffic signals, street improvements, community recreation centers, city office space, fire stations, libraries, police stations, parkland and street tree/street signs, street light in-lieu, air quality mitigation, and public facilities fees administration.

Capital Improvement Capital Projects Fund accounts for the acquisition, construction and improvement of capital facilities financed by grants and transfers from other City funds.

Redevelopment Agency Capital Projects Fund accounts for the acquisition, relocation, demolition, and sale of land for those portions of the City earmarked for redevelopment. Projects are financed from bond proceeds, loans from other City funds, and property tax increment revenue.

The City reports the following major enterprise funds:

Water Utility Fund accounts for activities associated with the acquisition or construction of water facilities, production, distribution and transmission of potable water to users.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Wastewater Utility Fund accounts for activities associated with the acquisition or construction, and operation and maintenance of wastewater facilities for collection, treatment, and disposal of wastewater.

Stormwater Utility Fund accounts for activities associated with the acquisition or construction, and operation and maintenance of stormwater facilities for drainage and disposal of stormwater.

Central Parking District Fund accounts for activities associated with the acquisition or construction, operation and maintenance of off-street parking facilities.

Additionally, the City reports the following fund types:

Internal Service Funds account for the financing of goods, services, or facilities provided by one City department to other City departments on a cost-reimbursement basis.

Agency Funds account for assets held by the City as an agent for individuals, private organizations and/or other governmental units for land secured financing, employee payroll withholdings, area of benefit fees, public facilities fees, and other miscellaneous items. The agency funds are custodial in nature and do not involve measurement of results of operations.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the business-type activities in the government-wide financial statements and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions are land utilization fees and other charges between the City's enterprise functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources, as they are needed.

Cash and Investments – Except for certain bond proceeds, the City pools cash from all funds in order to maximize interest from investment activities. Money market investments and certain nonparticipating guaranteed investment contracts are carried at cost. All other investments are stated at fair value, which is based on published market prices.

The City participates in an investment pool managed by the State of California, the Local Agency Investment Fund (LAIF), which has invested a portion of the pool funds in structured notes and asset-backed securities. Based on information obtained from the State of California, the investment in LAIF has been recorded at fair value.

Interest income on pooled investments is allocated on the basis of average daily cash balances in the General Fund, special revenue funds, debt service funds, capital projects funds, Water Utility Fund, Wastewater Utility Fund, Stormwater Utility Fund, Central Parking District Fund, Solid Waste Fund, internal service self-insurance funds, and the Agency Funds, as required by law or as directed by the City Council adopted budget. The remainder of interest income is credited to the General Fund as required by California Government Code.

For purposes of the statement of cash flows, the City considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased, LAIF and money market investments, and cash held by fiscal agents to be cash and cash equivalents. Investments that are held with fiscal agents with a maturity of greater than three months are not included as cash and cash equivalents.

Restricted Cash and Investments – Proceeds from debt and other cash and investments held by fiscal agents by agreement are classified as restricted assets in the proprietary fund and government-wide financial statements.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Receivables/Payables – Short-term interfund loan receivables and payables are reported as “due from other funds” and “due to other funds,” respectively.

Long-term interfund loan receivables are reported as “advances to other funds” and are offset equally by fund balance reservations that indicate they do not constitute expendable available resources and, therefore, are not available for appropriation. The corresponding long-term interfund loan payables are reported as “advances from other funds.”

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

“Advances to property owners” represent loans for repairs to low-income owner- and tenant-occupied households throughout the City. These loans are to be repaid over an extended period of time; therefore, the vast majority of the year-end balance will not be repaid within the next year.

Inventory of Supplies – Inventories consist of expendable supplies held for consumption. The cost is determined using the weighted average method and recorded as an expenditure at the time an item is consumed.

Capital Assets – Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 for equipment and works of art; \$10,000 for land, buildings and improvements; \$50,000 for infrastructure and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value on the date of donation.

The costs of normal maintenance and repair that do not add value to the asset or materially extend the asset’s life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. In accordance with generally accepted accounting principles, the City capitalizes net interest cost of funds borrowed to finance the construction of capital assets in the proprietary fund types. For the year ended June 30, 2007, there was no capitalized interest cost associated with the construction in progress.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Depreciation is recorded using the straight-line method over the estimated useful lives of assets, as follows:

Building and structures	30 - 50 years
Improvements other than buildings	20 - 30 years
Machinery and equipment	3 - 30 years
Roads and streets infrastructure	50 - 65 years
Curb and gutter infrastructure	65 years
Streetlight and traffic control devices infrastructure	30 years
Transmission and distribution plant (including infrastructure such as water, wastewater and stormwater mains and laterals)	50 - 100 years

Vacation and Sick Leave Pay – In accordance with negotiated labor agreements, employees accumulate earned but unused vacation and other compensated leave, and sick pay benefits. Accrued vacation leave is payable at 100% of accumulated hours upon separation of service. Accrued sick leave is payable at 50% of accumulated hours for all City employees upon separation of service due to death, service or disability retirement. Police and Fire department safety and management employees, mid-management, law and unrepresented employees are also eligible for pay-off of 50% of accumulated sick leave upon termination after ten years of service.

All bargaining unit employees may apply their remaining 50% of accrued sick leave hours for additional California Public Employees' Retirement System (CalPERS) service credit upon retirement. In addition, upon retirement, Fire department safety employees are eligible for pay-off of 100% of accumulated longevity vacation allowance.

The value of accumulated vacation, sick, and longevity vacation allowance is accrued, as appropriate, for all funds. A liability for these amounts is presented in the government-wide financial statements.

Long-Term Obligations – In the government-wide and proprietary fund types fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Capital Contributions – Capital contributions are comprised of cash and assets donated from developers. Connection fees are recorded as capital contributions in the Water Utility and Wastewater Utility enterprise funds.

Fund Equity – In the fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Accounting for Escheat Property – The City is in compliance with the GASB Statement 21, *Accounting for Escheat Property*, and accounts for these assets in the General Fund when the assets are subject to escheatment in accordance with California state law.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Change in Accounting – The City is presenting the portion of its sales and use tax that is not levied by the City as intergovernmental revenue. In previous years it was presented as taxes revenue.

Comparative Data – The 2006 comparative data amounts are presented only to facilitate financial analysis. These columns do not present information that reflects financial position, changes in financial position or cash flows in accordance with generally accepted accounting principles. Certain amounts in the 2006 comparative data have been restated for the effects of the change in accounting described in the previous paragraph to conform to the 2007 financial statements presentation.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

2. CASH AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Each fund's portion of the pool is displayed on the balance sheet (governmental funds) and the statement of net assets (proprietary funds) as "cash and investments."

Summary of carrying amounts at June 30, 2007 (dollar amounts in thousands):

Deposits	\$	41,746
Investments		414,887
Total cash and investments	\$	<u>456,633</u>
Presented in the government-wide statement of net assets:		
Cash and investments	\$	191,216
Restricted cash and investments		186,306
Presented in the statement of fiduciary net assets:		
Cash and investments		57,712
Cash and investments with fiscal agents		21,399
Total cash and investments	\$	<u>456,633</u>

Deposits – At June 30, 2007, the recorded amount of the City's deposits was \$41,746,000; and the bank balance was \$44,058,000. The bank balance and carrying amount differ due to deposits in transit of \$1,396,000 and outstanding checks of \$3,708,000.

The bank balances were entirely insured or collateralized at June 30, 2007. Section 53652 of the California Government Code requires financial institutions to secure a city's deposits, in excess of insured amounts, by pledging government securities as collateral. The fair value of pledged securities must equal at least 110% of a city's deposits. California law also allows financial institutions to secure a city's deposits by pledging first trust deed mortgage notes having a value of 150% of a city's total deposits.

Investments – California statutes and the City's investment policy authorize the investment of funds in the following instruments:

- Securities of the U.S. Government, or its agencies
- Small Business Administration loans
- Certificates of deposit
- Negotiable certificates of deposit
- Bankers acceptances
- Commercial paper
- Local Agency Investment Fund (LAIF) deposits - State pool
- Repurchase agreements (repos)
- Demand accounts - insured/collateralized
- Money market mutual funds
- Medium term notes
- Guaranteed investment contracts (GICs)

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

2. CASH AND INVESTMENTS (Continued)

The City has entered into nonparticipating guaranteed investment contracts which are in compliance with the City's investment policy. The investment contracts bear interest ranging from 4.46% to 6.57%. All investment contracts are collateralized by investments with \$123,403,000 collateralized at 100% to 105%.

Although the City did not participate in any securities lending transactions or enter into any reverse repurchase agreements during the year, the City does have an investment in LAIF in the amount of \$37,991,000. The total amount invested by all public agencies in LAIF at June 30, 2007 was \$19.7 billion. LAIF is part of the State of California Pooled Money Investment Account (PMIA) whose balance at June 30, 2007 was \$65.6 billion. Of this amount, 3.466% is invested in structured and asset backed financial products. PMIA is not SEC-registered, but is required to invest according to California State Code. The average maturity of PMIA investments was 176 days as of June 30, 2007.

The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by state statute. The value of the pool shares in LAIF, which may be withdrawn, is determined on an amortized cost basis, which is different than the fair value of the City's position in the pool.

Risks –

Interest Rate Risk - As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy provides that final maturities of securities cannot exceed ten years. Investments maturing beyond a five-year horizon should not exceed fifteen percent (15%) of the total portfolio value at any given time. Specific maturities of investments depend on liquidity needs.

Credit Risk - It is the City's policy that commercial paper must have a rating of A-1/P or better. Banker's acceptance do not have credit rating limits. Medium-term notes must have a rating of A or better. Money market mutual funds and federal agency securities must have the highest rating issued by the nationally recognized statistical rating organizations. The Local Agency Investment Fund (LAIF) administered by the State of California, has a separate investment policy, governed by Government Code Sections 16480-16481.2, that provides credit standards for its investments.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counter party, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All securities, with the exception of the money market funds and LAIF, are held by a third party custodian (Union Bank of California). Union Bank of California (UBOC) is a registered member of the Federal Reserve Bank. The securities held by UBOC are in the street name, and a customer number assigned to the City identifies ownership.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

2. CASH AND INVESTMENTS (Continued)

As of June 30, 2007, the City's investments in U.S. Agencies, money market mutual funds, and tax-exempt municipal bonds were rated AAA by Standard and Poor's, and Aaa by Moody's Investors Service. Commercial paper is rated A-1+ or A-1 by Standard and Poor's and P-1 by Moody's. The medium term note is rated AA by Standard and Poor's and Aaa by Moody's. Banker's acceptance is rated A-1+ by Standard and Poor's and P-1 by Moody's. Investments of bond proceeds permitted under bond covenants are included in the ratings above. As permitted under bond covenants, GICs issued by Societe Generale total \$75,775,000, representing 18.26% of total investments, and GICs issued by HYPO total \$21,098,000, representing 5.08% of total investments. In both cases these investments are collateralized with federal securities, as required by bond covenants. LAIF and GICs are not rated. A summary of investments by category and maturity at June 30, 2007 (dollar amounts in thousands):

Investment Type	Fair Value	Investment Maturities					
		1 year or less	1-2 years	2-3 years	3-4 years	4-5 years	5 years or more
U. S. Agencies	\$ 147,269	\$ 118,968	\$ 16,996	\$ 6,062	\$ -	\$ 298	\$ 4,945
U. S. Treasuries	45	-	-	-	-	-	45
U. S. Treasury strips	27	-	-	-	-	-	27
LAIF	37,991	37,991	-	-	-	-	-
Money market mutual funds	39,853	39,853	-	-	-	-	-
Commercial paper	46,555	46,555	-	-	-	-	-
Bankers acceptance	11,962	11,962	-	-	-	-	-

Restricted Cash and Investments – Certain proceeds of proprietary fund and government-wide certificates of participation (COP), revenue bonds, and bonds payable are classified as restricted cash and investments on the statements of net assets because their use is limited by applicable indentures or covenants. These covenants provide that these monies, in the absence of specific statutory provisions governing the issuance of bonds, certificates, or leases, may be invested in accordance with the ordinances, resolutions or indentures specifying the types of investments its trustees or fiscal agents may make. These ordinances, resolutions, and indentures are generally more restrictive than the City's general investment policy. In no instance have additional types of investments, not permitted by the City's general investment policy, been authorized. The major part of this restriction is for the construction or acquisition of facilities, but also includes reserves for payment of debt service as required by the bond indentures.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

2. CASH AND INVESTMENTS (Continued)

At June 30, 2007, restricted cash and investments are as follows (dollar amounts in thousands):

Governmental activities	<u>\$ 107,009</u>
Business-type activities	
Water Utility	22,757
Wastewater Utility	52,835
Central Parking District	<u>3,705</u>
Total	<u>79,297</u>
	<u><u>\$ 186,306</u></u>

3. INTERFUND RECEIVABLES / PAYABLES

Interfund receivables and payables are as follows at June 30, 2007:

Due to/from other funds (dollar amounts in thousands):

		<u>Receivable Funds</u>	
		General	Total
Payable Funds	Capital Improvement	\$ 2,155	\$ 2,155
	Other Governmental	6,316	6,316
	Other Enterprise	128	128
	Total	<u><u>\$ 8,599</u></u>	<u><u>\$ 8,599</u></u>

“Due to” and “due from” balances have primarily been recorded when funds overdraw their share of pooled cash or when there are short-term loans between funds.

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

6. LONG-TERM DEBT (Continued)

Lease Revenue Refunding Bonds

The 2006 Lease Revenue Refunding Bonds Series A were issued in the amount of \$13,965,000 by the Stockton Public Financing Authority (SPFA) on March 22, 2006. As of June 30, 2007, bonds totaling \$13,860,000 are due in installments ranging from \$325,000 to \$875,000 through August 1, 2031, with interest rates ranging from 4.0% to 5.0% on bonds outstanding. The Bonds were issued to advance refund and defease \$13,795,000 in outstanding 1999 Certificates of Participation which were used to finance a portion of the acquisition and construction of an essential services building and an adjacent parking facility. Repayment of the Bonds is financed from lease payments pledged by the City to the SPFA. The primary sources for repayment are as follows: approximately 85% is paid by the Central Parking District Fund and approximately 15% is paid from the police public facility fee. The principal amount due is reported net of a negative deferred amount on refunding of \$769,000 and unamortized discount \$82,000.

Certificates of Participation

Certificates of Participation Series 2003A (Redevelopment Housing Projects) were issued in the amount of \$1,160,000 on June 17, 2003. As of June 30, 2007, certificates totaling \$1,160,000 are due in installments ranging from \$35,000 to \$75,000 beginning September 1, 2011 through September 1, 2033, with interest rates ranging from 3.0% to 4.375% on certificates outstanding. The Certificates were issued to finance certain redevelopment housing projects. Repayment of the Certificates is financed from lease payments pledged by the City to the SPFA. The primary source of repayment is 20% Redevelopment the Agency housing set-aside. The principal amount due is reported net of unamortized discount of \$18,000.

Certificates of Participation Taxable Series 2003B (Redevelopment Housing Projects) were issued in the amount of \$12,140,000 on June 17, 2003. As of June 30, 2007, certificates totaling \$12,140,000 are due in installments ranging from \$295,000 to \$870,000 through September 1, 2033, with interest rates ranging from 4.52% to 5.28% on certificates outstanding. The Certificates were issued to finance certain redevelopment housing projects. Repayment of the Certificates is financed from lease payments pledged by the City to the SPFA. The primary source of repayment is the 20% Redevelopment Agency housing set-aside. The principal amount due is reported net of unamortized discount of \$68,000.

6. LONG-TERM DEBT (Continued)

Pension Obligation Bonds

The 2007 Taxable Pension Obligation Bonds, Series A were issued in the amount of \$96,985,000 by the City of Stockton on March 26, 2007. As of June 30, 2007, bonds totaling \$96,985,000 are due in installments ranging from \$250,000 to \$8,400,000 through September 1, 2037, with interest rates ranging from 5.14% to 5.455% on bonds outstanding. The Bonds were issued to refinance a portion of the City's unfunded actuarial liability with respect to retirement benefits accruing to its members of the California Public Employees' Retirement System (CalPERS). The obligation of the City to make payments with respect to the Bonds is not limited to any special source of funds and is payable from any legally available moneys or funds of the City. Funds for repayment of the Bonds will come from the amounts previously budgeted for payment of the City's annual required contributions to CalPERS.

The 2007 Taxable Pension Obligation Bonds, Series B were issued in the amount of \$28,325,000 by the City of Stockton on March 26, 2007. As of June 30, 2007, bonds totaling \$28,325,000 are due in installments ranging from \$715,000 to \$2,800,000 beginning September 1, 2018 through September 1, 2037, with interest rates ranging from 5.675% to 5.795% on bonds outstanding. The Bonds were issued to refinance a portion of the City's unfunded actuarial liability with respect to retirement benefits accruing to its members of the California Public Employees' Retirement System (CalPERS). The obligation of the City to make payments with respect to the Bonds is not limited to any special source of funds and is payable from any legally available moneys or funds of the City. Funds for repayment of the Bonds will come from the amounts previously budgeted for payment of the City's annual required contributions to CalPERS.

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

6. LONG-TERM DEBT (Continued)

Other Long-term Obligations

Notes Payable

The City entered into three Section 108 loan guarantee agreements with the U.S. Department of Housing and Urban Development (HUD) to complete redevelopment projects. Outstanding balances are \$2,470,000, \$8,435,000, and \$200,000, respectively, as of June 30, 2007. Final payment on the first two loans is due in August 2020; the third is due in August 2025. Interest on the first two loans is calculated at a variable rate based on the London Interbank Offered Rate (LIBOR) plus 20 basis points per annum. Interest on the third loan is not included in the debt service schedule below as HUD has yet to provide the City with an amortization schedule on that loan. Accumulated interest will be recognized as expenditures when paid. Repayment of the loans will be financed from Community Development Block Grant entitlement funds.

The City also entered into two loan agreements with the California Housing Finance Agency for the purposes of the operation of a local housing program. Outstanding balances are \$500,000 and \$550,000, respectively, as of June 30, 2007. Simple interest is calculated at 3.0% per annum. The term of the loans are 10 years and 8 years from the date of the agreements and will be due on June 24, 2013 and April 4, 2013, along with all interest charges incurred during the term of the loans.

6. LONG-TERM DEBT (Continued)

Estimated Liability for Self-insurance

Internal service funds predominantly serve the governmental funds. Accordingly, estimated long-term liabilities for these funds are included in the totals for governmental activities. As of June 30, 2007, the long-term liabilities for the General Liability Insurance, Workers' Compensation Insurance, and Health Benefits Insurance Funds total \$44,649,000. See Note 10 for additional disclosures regarding risk management.

Compensated Absences

Compensated absences related to governmental activities total \$24,172,000 at year-end. These balances are generally paid by the General Fund. The above balance includes \$756,000 of compensated absences from the internal service funds.

Redevelopment Agency

Revenue Bonds

Revenue Bonds, Series 2004 (Stockton Events Center-Arena) were issued in the amount of \$47,000,000 on March 18, 2004 by the Redevelopment Agency (Agency). As of June 30, 2007, bonds totaling \$47,000,000 are due in installments ranging from \$175,000 to \$4,035,000 through September 1, 2036, with interest rates ranging from 2.0% to 5.0% on bonds outstanding. The Bonds were issued to finance a portion of the costs of an indoor arena, including facilities for ice hockey, indoor football, indoor soccer, concerts, and other events, with a seating capacity of approximately 10,000. The Bonds are special obligations of the Agency payable from revenues consisting primarily of lease payments payable by the City to the Agency and pledge payments to be made by the Agency from certain tax increment revenues derived from specified Redevelopment Agency project areas. The principal amount due is reported net of unamortized premium of \$1,473,000.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

6. LONG-TERM DEBT (Continued)

Revenue Bonds, 2006 Series A (Redevelopment Projects), were issued in the amount of \$75,755,000 on July 12, 2006 by the Stockton Public Financing Authority (SPFA). As of June 30, 2007, bonds totaling \$75,755,000 are due in installments ranging from \$410,000 to \$4,790,000 and are to be paid beginning September 1, 2012 through September 1, 2037, with interest rates ranging from 5.0% to 5.25% on bonds outstanding. The Bonds were issued as part of the Strong Neighborhoods Initiative to fund a portion of three loans (collectively, the Redevelopment Loans) made pursuant to three loan agreements (the Redevelopment Agreement) between the SPFA and the Redevelopment Agency (Agency), relating, respectively, to the Agency's Midtown Merged Redevelopment Project, North Stockton Redevelopment Project and South Stockton Merged Redevelopment Project (collectively, the Merged Midtown, North Stockton, and South Stockton Merged Redevelopment Projects). The portion of each Redevelopment Loan allocable to the Series A Bonds will be used by the Agency to finance certain redevelopment projects within or of benefit to the Merged Midtown, North Stockton, and South Stockton Merged Redevelopment Projects. The Bonds are special obligations of the Agency payable from tax increment revenues from the Midtown Merged, North Stockton, and South Stockton Merged Redevelopment Project Area. The principal amount due is reported net of unamortized premium of \$2,301,000.

Taxable Revenue Bonds, 2006 Series B, (Redevelopment Projects), were issued in the amount of \$8,445,000 on July 12, 2006 by the Stockton Public Financing Authority (SPFA). As of June 30, 2007, bonds totaling \$8,445,000 are due in installments ranging from \$980,000 to \$1,665,000 and are to be paid beginning September 1, 2008 through September 1, 2013, with interest rates ranging from 6.01% to 6.10% on bonds outstanding. The Bonds were issued as part of the Strong Neighborhoods Initiative to fund a portion of the Redevelopment Loans made pursuant to the Redevelopment Agreements. The portion of each Redevelopment Loan allocable to the Series B Bonds will be used by the Agency to finance certain redevelopment projects within or of benefit to the Merged Midtown, North Stockton, and South Stockton Merged Redevelopment Projects. The Bonds are special obligations of the Agency payable from tax increment revenues from the Midtown Merged, North Stockton, and South Stockton Merged Redevelopment Project Area.

6. LONG-TERM DEBT (Continued)

Taxable Revenue Bonds, 2006 Series C, (Housing Projects), were issued in the amount of \$25,985,000 on July 12, 2006 by the Stockton Public Financing Authority (SPFA). As of June 30, 2007, bonds totaling \$25,985,000 are due in installments ranging from \$370,000 to \$1,720,000 and are to be paid beginning September 1, 2008 through September 1, 2037, with interest rates ranging from 6.15% to 6.87% on bonds outstanding. The Bonds were issued as part of the Strong Neighborhoods Initiative to fund a loan (the Housing Loan) made pursuant to a loan agreement, dated July 1, 2006, by and among the SPFA, the Agency and the Trustee (the Housing Loan Agreement). The Housing Loan will be used by the Agency to finance certain low and moderate income housing projects throughout the City of Stockton. The Bonds are special obligations of the Agency payable from low and moderate income housing allocation.

Note Payable

The Redevelopment Agency entered into a loan with the California Department of Boating and Waterways (DBAW) to complete a planning report and to develop a small craft harbor facility. The loan amount outstanding is \$707,000 and will be paid in annual installments through August 1, 2013, with an interest rate of 4.5%. Repayment of the loan will be financed from tax increment revenues of the Redevelopment Agency.

6. LONG-TERM DEBT (Continued)

Water Utility

Revenue Bonds

On April 16, 2002, the City participated in the California Statewide Community Development Authority (CSCDA) Water and Wastewater Revenue Bond (Pooled Financing Program), Series 2002A, which issued Bonds in the amount of \$14,280,000 for the City of Stockton. As of June 30, 2007, bonds totaling \$12,385,000 are due in installments ranging from \$540,000 to \$1,090,000 through October 1, 2022, with interest rates ranging from 3.9% to 5.125% on bonds outstanding. The Bonds were issued to refinance prior water system expansion bonds. Repayment of the Bonds is financed from net revenues pledged by the Water Utility Fund to CSCDA. The principal amount due is reported net of a negative deferred amount on refunding of \$266,000 and unamortized discount of \$226,000.

The 2005 Water Revenue Bonds, Series A (Water System Capital Improvement Projects) were issued in the amount of \$24,230,000 by the SPFA on November 3, 2005. As of June 30, 2007, bonds totaling \$24,230,000 are due in installments ranging from \$150,000 to \$2,350,000 beginning September 1, 2017 through September 1, 2035, with interest rates ranging from 4.0% to 5.0% on bonds outstanding. The Bonds were issued to finance various water system capital improvement projects. Repayment of the Bonds is financed from net revenues pledged by the Water Utility Fund to the SPFA. The principal amount due is reported net of unamortized premium of \$127,000.

Note Payable

In August 1977, the City accepted a Federal Drought Relief Act loan to finance drought relief projects for the Water Utility Enterprise Fund. As of June 30, 2007 the outstanding balance on this loan was \$731,000. The loan bears interest at 5.0% per annum with final payment due in July 2017.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

6. LONG-TERM DEBT (Continued)

Wastewater Utility

Certificates of Participation

Revenue Certificates of Participation 1998 Series A (Wastewater System Project) were issued in the amount of \$101,650,000 by the SPFA on February 3, 1998. As of June 30, 2007, certificates totaling \$88,740,000 are due in installments ranging from \$1,935,000 to \$7,325,000 through September 1, 2029, with interest rates ranging from 4.3% to 5.2% on certificates outstanding. The proceeds of the 1998 issue were used to finance the design and construction of a sewer interceptor, to make improvements and modifications to the southern industrial sewer trunk line, and to refund the 1995 Certificates of Participation issue that was used to finance the design, improvements and modifications to the regional wastewater control facilities serving the citizens of the City of Stockton. Repayment of the Certificates is financed from net revenues pledged by the Wastewater Utility Fund to the SPFA. The principal amount due is reported net of a negative deferred amount on refunding of \$4,077,000 and unamortized discount of \$343,000.

Refunding Certificates of Participation 2003 Series A (Wastewater System Project) were issued in the amount of \$14,135,000 by the SPFA on May 21, 2003. As of June 30, 2007 certificates totaling \$12,480,000 are due in installments ranging from \$575,000 to \$965,000 through September 2, 2023, with interest rates ranging from 2.0% to 4.25% on certificates outstanding. The Certificates were issued to advance refund the 1993 certificates of participation. Repayment of the Certificates is financed from net revenues pledged by the Wastewater Utility Fund to the SPFA. The principal amount due is reported net of a negative deferred amount on refunding of \$106,000 and unamortized discount of \$171,000.

Central Parking District

Lease Revenue Bond

Lease Revenue Bonds, Series 2004 (Parking and Capital Projects) were issued in the amount of \$32,785,000 by the SPFA on June 16, 2004. As of June 30, 2007, bonds totaling \$32,700,000 are due in installments ranging from \$85,000 to \$2,950,000 through September 1, 2034, with interest rates ranging from 4.0% to 5.375% on bonds outstanding. The Bonds were issued to finance the construction of the Edward S. Coy Parking Garage, the Stockton Events Center Parking Structure, and other parking facilities within the Central Parking District. Repayment of the Bonds is financed from lease payments pledged by the Central Parking District Fund to the SPFA. The principal amount due is reported net of unamortized discount of \$65,000.

Compensated Absences

At year-end, \$379,000 of enterprise funds compensated absences is included in the totals for business-type activities.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

6. LONG-TERM DEBT (Continued)

Defeasance of Debt

The City and the SPFA defeased certain long-term debt by placing the proceeds of new debt in irrevocable trusts to provide for all future debt service payments on the old debt until called. Accordingly, the trust account assets and liabilities for the following defeased debt issues are not included in the City's financial statements. At June 30, 2007, the outstanding balances of the bonds considered defeased were as follows:

1999 Certificates of Participation – ESB/Parking	\$ 13,550,000
--	---------------

Debt without City Commitment

Land Secured Debt Financing (No City Commitment) – The City has authorized the formation of community facilities districts (CFDs) and assessment districts (local improvement districts) (LIDs) and the issuance of bonds under various public improvement acts of the State of California to finance eligible public facilities necessary to serve developing commercial, industrial, residential and/or mixed use developments. The bonds are secured by annual special tax levies or liens placed on the property within the districts. The City is not liable for repayment and acts only as an agent for the property owners in collecting the special taxes or assessments, forwarding the collections to bondholders, and initiating foreclosure proceedings when necessary. These bonds are payable solely from special taxes or assessments, specific reserves, and the proceeds from property foreclosures. Accordingly, the bonds are not reported as liabilities in the accompanying basic financial statements. As of June 30, 2007, there were ten CFD special tax bonds, six special assessment bonds, and six revenue bonds outstanding with aggregate principal amounts payable of \$97,090,000, \$29,560,000, and \$49,850,000, respectively.

Conduit Debt (No City Commitment) – Revenue bonds and certificates of participation have been issued to provide financial assistance to public and private sector entities for the funding of mortgage loans, capital improvements to medical facilities and refinancing of previously existing debt deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying assets. Neither the City, nor the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying basic financial statements. As of June 30, 2007, there were five series of revenue bonds and one series of certificates of participation outstanding, with an aggregate principal amount payable of \$77,195,000.

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

7. SHORT-TERM DEBT

Governmental Activities

Summary of the governmental activities short-term debt for the year ended June 30, 2007 (dollar amounts in thousands):

	Balance July 1, 2006	Additions	Reductions	Balance June 30, 2007
Governmental activities:				
2007 CSCDA Tax and Revenue Anticipation Notes	\$ -	\$ 16,430	\$ 16,430	\$ -
Total governmental activities short-term debt	\$ -	\$ 16,430	\$ 16,430	\$ -

The 2007 Tax and Revenue Anticipation Notes (TRAN) were issued in the amount of \$16,430,000 on July 5, 2006 by the California State Communities Development Authority (CSCDA) and matured on June 30, 2007. The TRAN was issued to provide cash flows to the General Fund during the first six months of the fiscal year prior to the receipt of property taxes in December or early January. Net proceeds were invested in a Guaranteed Investment Contract to maximize interest earnings and provide funds for repayment of the TRAN..

8. EQUITY

Nature and Purpose of Reported Reserves and Designations

Reserves are portions of the fund balance not appropriable for expenditures under the flow of current financial resources measurement focus or those portions of the fund balance legally segregated for specific future use. Designations are portions of the fund balance that have been identified by management to reflect tentative plans or commitments of governmental resources.

Encumbrances – Represent approved purchase orders, contracts, and other commitments not completed at the end of the fiscal year.

Advances – Council approved loans made for the purposes described in Note 3 and advances to property owners.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

8. EQUITY (Continued)

Debt Service – Security for payment of long-term debt principal, interest and related fiscal charges.

Capital Projects – The construction and improvement of capital facilities.

Low and Moderate Income Housing – Set aside for eligible low- and moderate-income housing.

Public Safety - Set aside for unanticipated public safety revenue shortfalls.

Endowments – Set aside for various endowments; the majority is for the arts.

Other Items – To offset miscellaneous assets that do not represent expendable available financial resources, the majority of which are loan commitments.

Catastrophic Events – Funds for protection of a portion of the City's exposure to natural disaster and severe unforeseen emergencies.

Budget Contingency/Budget Uncertainty – Funds to assist in allowing the City to perform required duties in the event of a significant loss of revenue or significant, unplanned costs.

Termination Pay – To cover unanticipated costs due to employee separation for the City-County Library Fund.

Capital Improvement Projects – Set aside for a variety of repairs and improvements, including redevelopment projects.

Future Appropriations – Set aside for future unanticipated budgetary needs.

Liability – Set aside for unanticipated costs of the City's self-insured programs and legal challenges.

Net Assets

The government-wide statement of net assets reports \$216,822,000 of restricted net assets, of which \$110,033,000 is restricted by enabling legislation.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

9. RETIREMENT PLAN

Plan Description - The City contributes to the Safety Plan of the City of Stockton and the Miscellaneous Plan of the City of Stockton, which are part of the California Public Employees' Retirement System (CalPERS), an agent multiple-employer public employee defined benefit pension plan that acts as a common investment and administrative agent for governmental entities in the State of California. CalPERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.

All full-time City employees are eligible to participate in CalPERS. Part-time employees must meet specific criteria for participation. City employees are eligible for retirement at age 50 or older with five years of service credits. Benefits are payable monthly for life in an amount equal to a certain percent of their highest annual salary. Benefit provisions and all other requirements are established by State statute and City ordinance. Copies of the CalPERS comprehensive annual financial report may be obtained from the CalPERS Executive Office, 400 Q Street, Sacramento, California, 95814.

Funding Policy - Safety Plan participants are required to contribute 9% of their annual covered salary. Miscellaneous Plan participants are required to contribute 7% of their annual covered salary. As part of the City employees' benefit package, the City pays the employees' contribution. The City is required to contribute at an actuarially determined rate. The rate for Safety members was 32.138% of annual covered payroll. The rate for Miscellaneous members was 16.375% of annual covered payroll. The contribution requirements of the plan members and the City are established and may be amended by CalPERS.

Annual Pension Cost - For the year ended June 30, 2007, the City's annual pension costs of \$15,375,000 for the Safety Plan and \$8,787,000 for the Miscellaneous Plan were equal to the City's required and actual contributions. The required contribution rates were determined as part of the June 30, 2004 actuarial valuations using the entry age normal actuarial cost method with the contributions determined as a percent of pay. The actuarial assumptions included (a) 7.75% investment rate of return (net of administrative expenses); (b) projected salary increases that vary depending on age, service, and type of employment from 3.25% to 14.45%; (c) inflation of 3.00%; and (d) payroll growth of 3.25%. The actuarial values of the Plans' assets were determined using techniques that smooth the effects of short-term volatility in the market value of investments over a 15-year period. The City's CalPERS unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period as of June 30, 2006 was 30 years for the Safety Plan and 25 years for the Miscellaneous Plan.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

9. RETIREMENT PLAN (Continued)

Pension Asset - The City prepaid its Annual Required Contributions with proceeds from the 2007 Taxable Pension Obligation Bonds Series A and Series B. (See Note 6). These prepaid contributions are reflected in the accompanying financial statements as Pension Asset with amounts equal to \$89,536,000 for the Safety Plan and \$34,139,000 for the Miscellaneous Plan at June 30, 2007.

The pension asset was determined in accordance with the provisions of GASB Statement No. 27 and represents contributions in excess of Annual Required Contributions.

The City's changes in the pension asset for the year ended June 30, 2007, (dollar amounts in thousands):

	Safety Plan	Miscellaneous Plan

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

10. RISK MANAGEMENT

The City is exposed to various risks of loss related to liability torts; theft of, damage to, and destruction of assets; errors and omissions; health and medical needs of employees; and natural disasters. The City established three internal service insurance funds (General Liability, Workers' Compensation, and Health Benefits Insurance) to account for and finance its self-insured risks of loss. Under the City's risk management program, the City retains risk for up to \$1,000,000 for each general liability claim, \$500,000 for each workers' compensation claim and \$210,000 for each medical plan member under the health benefits program. The City's coverage for excess claims is discussed later in this note under risk pools. The workers' compensation and health benefits programs are administered by third-party claims administrators who are experts in their respective fields. The general liability program is self-administered by the City of Stockton.

The City records estimated liabilities for claims filed or expected to be filed up to the amounts for which it retains risk in the internal service insurance funds. Charges to the General Fund and other funds are determined from an analysis of claims costs, and are recorded as expenditures or expenses in the various funds and revenues in the internal service insurance funds. Charges for general liability and workers' compensation insurances are a percentage of payroll, and the charge for health benefits is a monthly dollar amount for all active budgeted positions.

The City contracts with independent actuaries to perform an analysis of the City's potential liability for the City's retained risk portions of the various self-insurance programs. The amounts recorded as liabilities represent estimates of amounts to be paid for reported claims, as well as incurred but not reported claims based upon past experience, modified for current trends and information. For general liability and workers' compensation for the current year, the present value of estimated outstanding losses is recognized at a 70% confidence level, using a 4.97% discount rate to reflect future investment earnings. Prior to 2006, it had been the City's practice to report the undiscounted expected value of estimated unpaid claims liabilities. While the ultimate amounts of losses incurred through June 30, 2007 are dependent on future developments, based upon information provided from the City Attorney, outside counsel and others involved with the administration of the programs, the City's management believes that the aggregate accrual is adequate to recognize such losses. There have been no significant reductions in any of the City's insurance coverage and no settlement amounts have exceeded coverage each of the past three years.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

10. RISK MANAGEMENT (Continued)

Changes in the balances of the City's claims liabilities for the current and prior fiscal years (dollar amounts in thousands):

	<u>General Liability</u>	<u>Workers' Compensation</u>	<u>Health Benefits</u>	<u>Total</u>
Balance, June 30, 2005	\$ 4,244	\$ 43,219	\$ 3,439	\$ 50,902
Claims incurred	3,183	0	23,208	26,391
Claims paid	<u>(1,458)</u>	<u>(8,142)</u>	<u>(23,817)</u>	<u>(33,417)</u>
Balance, June 30, 2006	5,969	35,077	2,830	43,876
Claims incurred	167	8,177	22,294	30,638
Claims paid	<u>(1,858)</u>	<u>(6,008)</u>	<u>(21,999)</u>	<u>(29,865)</u>
Balance, June 30, 2007	<u>\$ 4,278</u>	<u>\$ 37,246</u>	<u>\$ 3,125</u>	<u>\$ 44,649</u>

Risk Pools – The City is a member of two joint powers authorities organized pursuant to the California Government Code for the purpose of pooling self-insured losses, as described below.

General Liability Insurance - In 1986, the City joined with other municipalities and regional municipal joint powers authorities to form the California Joint Powers Risk Management Authority (CJPRMA), a public entity risk pool currently operating as a general liability risk management and insurance program for 22 member entities. The City's self-insured retention (SIR) is \$1 million. Losses above the City's SIR are pooled up to \$5 million per occurrence, with reinsurance in place above the \$5 million up to \$40 million. Specific coverage includes comprehensive and general automotive liability, personal injury, contractual liability, errors and omissions and certain other coverage.

The CJPRMA governing board is comprised of a representative from each member entity. All members have a single vote for policy and charter changes. An executive committee of seven is elected to handle administration. Members are assessed annual contributions based on actuarially determined rates. CJPRMA retroactively adjusts premium deposits for any excess or deficiency in deposits related to paid claims and reserves. Financial statements for CJPRMA for the fiscal year ended June 30, 2007 can be obtained from CJPRMA at 2333 San Ramon Valley Blvd., Suite #250 San Ramon, California 94583-4456.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

10. RISK MANAGEMENT (Continued)

Workers' Compensation Insurance - In 2003, in an effort to stabilize and control its costs of access to workers' compensation coverage, the City joined California Public Entity Insurance Authority (CPEIA), a public entity risk pool which currently operates an Excess Workers' Compensation (EWC) Program for 107 member entities. The City's self-insured retention is currently set at \$500,000 per occurrence. Losses above the City's SIR are pooled up to \$5 million per occurrence. Reinsurance is in place in layers above the \$5 million up to \$50 million, with an additional \$150 million in limits purchased by the Program, for a combined total of \$200 million per occurrence.

CPEIA is a sister joint powers authority of the Excess Insurance Authority (EIA) which established the EWC Program in 1979. The CPEIA is governed by a board of directors comprised of nine elected CPEIA members and two members of the EIA Executive Committee. Board members and officers are elected by a majority vote of member entities. The Board is responsible for conducting all business of the CPEIA with the assistance of designated members of the EIA staff, as well as any committees that the Board deems appropriate to create. Members are assessed annual contributions based on actuarially determined rates. CPEIA retroactively adjusts premium deposits for any excess or deficiency in deposits related to paid claims and reserves. Financial statements for CPEIA for the fiscal year ended June 30, 2007 can be obtained from CPEIA at 3017 Gold Canal Drive, Rancho Cordova, California 95670.

Property Protection - The City participates in CJPRMA's All Risks Property Protection Program, which is primarily underwritten by a casualty insurance company. The Program provides \$300 million per occurrence in coverage to participating members, subject to a deductible of \$25,000. Premiums, which are negotiated each year, are based on property values and are not subject to retroactive adjustments.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

11. POST EMPLOYMENT HEALTH CARE BENEFITS

In addition to providing pension benefits through the California Public Employees' Retirement System, the City provides certain health care benefits for retired employees under contractual obligations negotiated between the City and various employee bargaining units. All City management and public safety employees who receive a CalPERS retirement allowance upon separation are eligible for coverage under the Retiree Medical Plan at age 50. Other miscellaneous employees who receive a CalPERS retirement allowance with 15 or more years of service are eligible for coverage at age 50 or 55, depending on bargaining unit. Some employees, retired for disability, may qualify at a younger age. Full medical benefits are continued until age 65 or a maximum of 15 years whichever occurs first. Such coverage includes the retiree and one dependent. At age 65, eligible retirees are covered under a Medicare Supplemental Plan, which pays secondary to Medicare. This is a lifetime benefit provided to the retired employee and his or her eligible dependent. Currently, 730 retirees meet these eligibility requirements and participate in the Plan.

The City's contributions are financed on a pay-as-you-go basis. During the year, expenditures of approximately \$7,855,000 were recognized for post employment health care.

Most retirees do not contribute to the plan. Retirees who exhaust their City-paid benefit before reaching age 65 can purchase coverage until they reach age 65. Those that qualify for City paid benefits may purchase coverage for additional dependents not covered by the City's contribution to the Plan.

12. CONTINGENCIES AND OTHER COMMITMENTS

Contingent Liability Footnote Disclosure – Pending Litigation

There are various claims and legal actions pending against the City, four of which have a reasonable possibility for an unfavorable outcome. The nature of these legal actions involve property claims, breach of contract, a challenge to the City's Emergency Communications System Access Fee, and a lawsuit seeking to invalidate the City's past practice of charging an in lieu of property tax fee to the utility funds. Should there be unfavorable outcomes in the above legal actions, it is estimated that the potential impact on the City's General Fund would be in the range of \$4,850,000 to \$10,250,000.

The City has received federal grants for specific purposes that are subject to review and audit by the federal government. Although such audits could result in expenditure disallowance under grant terms, any required reimbursements are not expected to be material.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

12. CONTINGENCIES AND OTHER COMMITMENTS (Continued)

The City is self-insured and participates in two public entity risk pools. Details of this are covered in Note 10, Risk Management.

Commitments - The City is undertaking a number of capital improvement projects, the most significant of which include the following encumbrances at June 30, 2007 (dollar amounts in thousands):

• Hammer Lane/SR 99 Interchange	\$ 5,874
• Street Improvements	16,798
• Wastewater Utility	10,346
• Park Improvements	924
• Water Utility	4,585
• Stormwater Utility	994

Operating Leases - Operating lease obligations are primarily for rental of parking facilities space, but other lease obligations are included. Total expenditures for leases were \$266,000 for the year ended June 30, 2007. The future minimum lease payments required for those operating leases are as follows (dollar amounts in thousands):

June 30,	Amount
2008	\$ 235
2009	247
2010	259
2011	272
2012	286
2013-2017	1,657
2018-2022	<u>2,114</u>
Total	<u>\$ 5,070</u>

Service Contract - On February 18, 2003, the City Council approved a Service Contract for Wastewater, Water, and Stormwater Utilities Capital Improvements and Asset Management between the City of Stockton and OMI/Thames Water Stockton (Service Contract). The Service Contract is for a 20-year period and commenced on August 1, 2003, following a transition period.

The Service Contract requires OMI/Thames Water Stockton (OMI/Thames) to assume the operations and maintenance responsibilities for the three utilities and to also design and construct certain Initial Capital Improvements (ICIs), if awarded by the issuance of a Notice to Proceed by the City.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

12. CONTINGENCIES AND OTHER COMMITMENTS (Continued)

The Service Contract requires OMI/Thames to provide substantial performance guarantees, including a performance bond and a \$10 million letter of credit, which the City can draw upon in the event of default. The City may terminate the Contract at any time for cause due to non-performance. In addition, the City may terminate the Contract, without cause, by paying \$1 million to OMI/Thames Water.

Compensation to OMI/Thames is for construction and operation and maintenance of capital improvements. Payment for their operation and maintenance services is determined from a base fee, which is divided into fixed and variable components. Both of these components are eligible for adjustments based on the Consumer Price Index (CPI) or various growth factors specified in the Service Contract. Payment for the ICIs is based on the percent completed as specified in the original billing timeline.

On April 7, 2003, the City was served with a complaint (Concerned Citizens Coalition of Stockton v. City of Stockton, Case No. CV020397) alleging that the City violated the California Environmental Quality Act by awarding the Service Contract to OMI/Thames Water Stockton without conducting an environmental review assessing the risks of a public-private partnership. This issue has been in the courts since that time with the eventual outcome that on December 15, 2006, the Court issued a Judgment and Writ of Mandate requiring that the City and OMI/Thames suspend any and all activities to further implement the Service Contract and to effectuate the City's resumption of management and control of the utilities. On July 17, 2007, the City Council approved the execution of a settlement agreement with the Coalition in which the City agreed to comply with the Judgment, provided that the City has until March 1, 2008 to terminate the Service Contract and to resume responsibility for operating and maintaining the Wastewater, Water, and Stormwater Utilities.

Financial information concerning the Service Contract is reported in the Water Utility, Wastewater Utility, and Stormwater Utility major enterprise funds.

Facilities Management Agreement – On March 2, 2004, the City Council approved a Facilities Management Agreement (Agreement) with International Facilities Group, L.L.C.-Stockton, Inc. (IFG).

Under the terms of the Agreement, IFG is responsible for providing development and operation management services, including project design and construction administration services to the City for an events center, which includes a multi-purposes indoor arena and a baseball park. IFG is also responsible for managing, operating and marketing the arena, ballpark (for times when the ballpark is not operated by the Stockton Ports baseball team) and the events center common areas, as well as the Bob Hope Theatre and an ice center, all owned by the City. IFG is

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

12. CONTINGENCIES AND OTHER COMMITMENTS (Continued)

responsible for operating these facilities in keeping with the management goals set each year and approved by the City, with the overarching goal of having the arena operating revenues exceed its operating expenses.

The Agreement is for a period of ten full fiscal years commencing after the opening of the arena, which occurred during fiscal year 2006, and may be renewed at the option of the City for one additional five-year period. Either party may terminate the Agreement for cause due to a material breach by the other party. Beginning in 2010, the City may terminate the Agreement, without cause, by paying to IFG a "buy-out" payment, beginning at \$2,350,000, if the termination occurs during 2010, and declining to \$470,000, if the termination occurs in 2014. IFG is required to provide various fidelity and performance bonds, including a \$150,000 faithful performance bond, and a \$1,000,000 fidelity bond, which covers IFG employees who handle cash on behalf of the City.

Compensation to IFG is determined from a base fee for all venues, plus performance based compensation, as defined in the Agreement. Both of these components are eligible for periodic adjustments based on the CPI.

Financial information concerning the Facilities Management Agreement is reported in the Recreation Services non-major special revenue fund.

13. DEFICIT FUND EQUITY

- The Special Grants Fund had a deficit fund balance of \$273,000 at June 30, 2007 due to reversal in the current year of prior year revenue accruals related to ineligible expenditures.
- The Solid Waste Fund had a deficit in net assets of \$89,000 at June 30, 2007 due to the transfer of billing services to California Water Service Company and the resulting write off of residual uncollectible receivables.
- The City budgets revenues and projects expenses in the General Liability Insurance Fund (internal service) based upon an analysis of cash flows in the fund. On an accrual basis of accounting, the General Liability Insurance Fund has a long-term liability of \$2,510,000 and a deficit in net assets of \$1,833,000. The cash balance of the fund at June 30, 2007 is \$2,476,000. The City will fund the deficit over time by adjusting the rates paid by City funds.

CITY OF STOCKTON

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2007

13. DEFICIT FUND EQUITY (Continued)

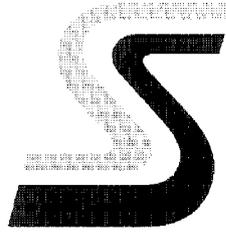

- The City budgets revenues and projects expenses in the Workers' Compensation Insurance Fund (internal service) based upon an analysis of cash flows in the fund. On an accrual basis of accounting, the Workers' Compensation Insurance Fund has a long-term liability of \$30,873,000 and a deficit in net assets of \$11,539,000. The cash balance of the fund at June 30, 2007 is \$25,586,000. The City will fund the deficit over time by adjusting the rates paid by City funds.

14. FUTURE GASB PRONOUNCEMENTS

In June 2004, the Governmental Accounting Standards Board (GASB) issued Statement No. 45, Accounting and Financial Reporting by Employers of Post employment Benefits Other Than Pensions. GASB Statement No. 45 establishes standards for the measurement, recognition and display of other post-employment benefits (OPEBs) expenses/expenditures, related assets and liabilities, note disclosures and, if applicable, required supplementary information in the financial reports of state and local government employers. GASB No. 45 will be effective for the fiscal year ending June 30, 2008.

The City provides certain health care benefits for retired employees which historically have been funded on a pay-as-you-go basis, as described in Note 11. The City is currently working with an actuary to determine the unfunded actuarial liability. In addition, the City is evaluating alternatives to funding and reducing the liability.

CITY OF STOCKTON

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2007

1. DEFINED BENEFIT PENSION PLANS

The schedules of defined benefit pension plans funded status display a historical summary of the Entry Age Normal Accrued Liability, the Actuarial Value of Assets, the Unfunded Actuarial Accrued Liability ("UAAL"), the Funded Ratio, the estimated annual covered payroll and the UAAL as a percentage of covered payroll for each of the City's defined benefit pension plans.

2. BUDGET

Budgetary Process

- In accordance with the provisions of the City Charter, the City prepares and adopts a budget on or before June 30 for each fiscal year. Total appropriations shall not exceed the total of estimated revenues, estimated unencumbered balances of funds to be carried over from the preceding year and unencumbered available fund balances. The General Fund, certain special revenue funds (Solid Waste and Recycling, Gas Tax, Measure K Sales Tax, Measure W Public Safety Tax, City-County Library, Special Assessments, Emergency Communication, Emergency Medical Transportation, Recreation Services, Development Services, and Other Special Revenue) and certain capital projects funds (Public Facilities Impact Fees and Capital Improvement) have legally adopted annual budgets. Prior to July 1, the original adopted budget is legally enacted through the passage of a resolution by the City Council. In the event this does not occur, the City Manager's draft budget is in force until a budget is adopted by the City Council.
- Enterprise and internal service funds are accounted for on a cost of service (net income) or capital maintenance measurement focus. The City is not legally mandated to report the results of operations for these fund types on a budget comparison basis; therefore, budgetary data related to these funds has not been presented.
- If expenditures exceed appropriations, the City Manager is authorized to transfer budgeted amounts between line items within any fund. During the year, the City Council approves supplemental appropriations and, by resolution, has also authorized the City Manager to transfer fund balances to applicable appropriation accounts, or to transfer between funds, when necessary to continue purposes approved by the City Council in the current year, adopted budget, or subsequent action. Amounts reported as final budget in the Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – On a Budgetary Basis include amendments authorized throughout the year.

CITY OF STOCKTON

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION (Continued) FOR THE YEAR ENDED JUNE 30, 2007

2. BUDGET (Continued)

- Formal budgetary integration is employed as a management control device during the year for the General Fund and certain special revenue and capital projects funds. Formal budgetary integration is not employed for the debt service funds because effective budgetary control is alternatively achieved through bond indenture provisions.
- All unencumbered appropriations lapse at year-end, with the exception of some capital improvement projects and miscellaneous grants in the respective funds. Encumbered appropriations are re-appropriated in the following year's budget.

Budgetary Basis of Accounting

The City adopts budgets each fiscal year on a basis of accounting, which is different from accounting principles generally accepted in the United States of America (GAAP).

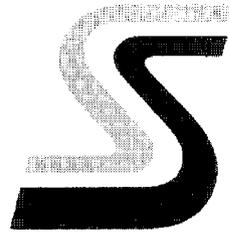

The statements of revenues, expenditures and changes in fund balances have been prepared on the modified accrual basis of accounting in accordance with GAAP. The schedules of revenues, expenditures and changes in fund balances – budget and actual – on a budgetary basis have been prepared on the budgetary basis, which is different from GAAP.

The variations from GAAP are that for budgetary purposes:

- Outstanding commitments relating to construction contracts and other purchases of goods and services are recorded as expenditures at the time contracts or purchase agreements are entered into. Under GAAP, these obligations are recognized when goods are received or services are rendered.
- The write off of uncollectible accounts receivables is not recognized as an expenditure. Under GAAP, these write offs are recognized as expenditures when the accounts receivables are determined to be uncollectible.

Certain funds of the City contain capital projects, grant projects, loan programs or other programs that are budgeted on a multi-year or project length basis. The amounts of the projects and programs budgeted on a multi-year basis are significant compared to the items budgeted on an annual basis; therefore, a comparison of budget to actual for the fund would not be meaningful. As a result, such funds are excluded from budgetary reporting.

CITY OF STOCKTON

NONMAJOR GOVERNMENTAL FUNDS

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of specific revenue sources that are restricted by law or administrative action to expenditures for specified purposes, other than those for major capital projects.

Special Grants

To account for miscellaneous, comparatively smaller grants, from federal and state governments, not otherwise established as a stand-alone special revenue fund.

Solid Waste and Recycling

To account for the administration of solid waste collection services, and planning and implementing solid waste reduction and recycling programs.

Gas Tax

To account for revenues and expenditures apportioned to the City under the Streets and Highway Code, Sections 2105, 2106, 2107 and 2107.5 of the State of California. Expenditures for administration, maintenance and construction must be street-related. This fund includes Intermodal Surface Transportation Efficiency Act and SB325 Non-Transit revenues and Traffic Congestion Relief.

Measure K Sales Tax

To account for revenues and expenditures apportioned to the City for sales tax collections under Measure K. Expenditures for administration, maintenance and construction must be for street-related projects.

Measure W Public Safety Tax

To account for revenues and expenditures apportioned to the City from district sales tax collections under Measure W. Expenditures are for administration, implementation, and operation of the Police and Fire Safe Neighborhood Gang and Drug Prevention Program.

Cooperative Library

To account for federal and state grants to encourage the development, improvement and expansion of the library system within the State of California. Parties to the agreement are neighboring cities, counties and other agencies.

City-County Library

To account for the public library system for the City of Stockton and San Joaquin County branch libraries. The libraries are funded in cooperation with San Joaquin County, which provides approximately 50% of the funding.

SPECIAL REVENUE FUNDS (Continued)

Special Assessments

To account for revenues and expenditures related to levies on property owners for special types of services - basic lighting, landscape and stormwater drainage maintenance services.

Redevelopment Agency Loan

To account for loans extended to eligible low- and moderate-income families.

Urban Development Action Grant

To account for federal grant and other resources, the purpose of which is to revitalize activities in the designated Urban Development Action Grant area.

Community Development Block Grant

To account for the annual federal grant that provides for development of a viable urban community by providing a suitable living environment and expansion of economic opportunities, principally for low- and moderate-income residents.

Community Development Loan

To account for the City's Community Rehabilitation Loan program that provides adequate housing and suitable living environments for low- and moderate-income residents.

CDBG Revolving Loan

To account for the City's federal revolving loan program that provides for development of a viable urban community by providing a suitable living environment and expansion of economic opportunities for low and moderate income residents.

Special Grant and Loan Programs

To account for the City's Economic Development grant and loan programs that provide economic development in the downtown Stockton area.

Home Program

To account for the City's Home Program that provides adequate and affordable housing for low- and very low-income residents.

Emergency Communication

To account for the financial consolidation of the City's Police and Fire department emergency communication dispatching service.

Emergency Medical Transportation

To account for the City's 911 emergency response ambulance transportation services.

SPECIAL REVENUE FUNDS (Continued)

Recreation Services

To account for all recreation programs and facilities which provide a variety of recreational opportunities for the community.

Development Services

To account for development planning and project review services including land use entitlements, permit processing and review/inspection of public improvements to ensure orderly physical growth and development of the City.

Other Special Revenue

To account for comparatively smaller special revenue funds including Asset Seizure and Boat Launching Facilities.

DEBT SERVICE FUNDS

Debt Service Funds account for the accumulation of resources for the repayment of principal and interest on long-term debt.

Redevelopment Agency

To account for the accumulation of resources for, and the retirement of principal and interest on long-term debt for revenue bonds issued by the Redevelopment Agency.

Stockton Public Financing Authority

To account for the accumulation of resources for, and the retirement of principal and interest on long-term debt for revenue bonds and certificates of participation issued by the Stockton Public Financing Authority.

PERMANENT FUND

The Permanent Fund reports resources that are legally restricted to the extent that only earnings, and not principal can be spent. The permanent fund helps support designated arts, recreation and library programs.

CITY OF STOCKTON

Nonmajor Enterprise Funds

NONMAJOR ENTERPRISE FUNDS

NONMAJOR ENTERPRISE FUNDS

Nonmajor Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of City Council is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the City Council has decided that periodic determination of income is appropriate for accountability purposes.

Solid Waste

To account for residual activities as a result of final transition and outsourcing of garden refuse collection service.

Golf Courses

To account for activities associated with the improvement and operation and maintenance of Swenson and Van Buskirk golf courses.

CITY OF STOCKTON

Internal Service Funds

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

Internal Service Funds are established to account for the financing of goods or services provided by one department to other departments of the City, on a cost reimbursement basis.

Central Garage

To account for the financing, operating and maintenance of vehicles and similar equipment provided to City departments on a cost reimbursement basis.

Computer Equipment

To account for the financing, service and maintenance of all computer and related equipment provided to City departments on a cost reimbursement basis.

Radio Equipment

To account for the financing, service and maintenance of radio equipment provided to City departments on a cost reimbursement basis.

Other Equipment

To account for the financing, operating and maintenance of other, comparatively smaller equipment funds provided to City departments on a cost reimbursement basis. Included are telephone, other office, and printing and mailing equipment.

General Liability Insurance

To account for premiums and claims paid and administration of general liability insurance provided to all City departments on a cost reimbursement basis.

Workers' Compensation Insurance

To account for premiums and claims paid and administration of workers' compensation insurance provided to all City departments on a cost reimbursement basis.

Health Benefits Insurance

To account for premiums and claims paid and administration of health benefits insurance provided to all City departments on a cost reimbursement basis.

Retirement Benefits

To account for the accumulation and payout of resources for the purpose of providing defined retirement and disability benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries through the California Public Employees' Retirement System (CALPERS) on a cost reimbursement basis.

Other Insurance

To account for premiums and claims paid and administration of comparatively smaller insurance funds provided to City departments on a cost reimbursement basis. Included are long-term disability, life insurance, and termination pay benefits.

CITY OF STOCKTON

AGENCY FUNDS

AGENCY FUNDS

Agency Funds account for all resources received by the City while acting as a fiscal agent.

Land Secured Financing

To account for special taxes or assessment collections from property owners that are authorized under various public improvement acts of the State of California. The City acts only as an agent and forwards collections to bondholders and initiates foreclosure proceedings when necessary.

Employee Withholding

To account for employee withholdings, income taxes, Medicare, and other deposits collected on behalf of other governments and agencies.

Area of Benefit Fees

To account for the collection and reimbursement of construction costs required as a condition of a development or subdivision for approved public improvements within established areas of benefit.

Public Facilities Fees

To account for fees collected on behalf of other governments and agencies.

Miscellaneous

To account for deposits held by the City as required for security for construction improvements and development, unified utility bill collections on behalf of other entities, and for other deposits held in a fiduciary capacity.

All Other

To account for several cultural, recreational and educational programs that the City administers on behalf of other entities.

CITY OF STOCKTON

STATISTICAL SECTION

STATISTICAL SECTION

The Statistical Section provides detailed information as a context for understanding the information in the financial statements, note disclosures, and required supplementary information. This section presents additional analysis and contains data that may provide the reader with valuable insight regarding the demographics and the overall financial health of the City.

<u>Contents</u>	<u>Pages</u>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	145-155
Revenue Capacity These schedules contain information to help the reader assess the factors affecting the City's most significant local revenue source, the property tax.	156-163
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	164-171
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.	172-173
Operating Information These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.	175-180

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 for the fiscal year ended June 30, 2002; schedules presenting government-wide information include information beginning in that year.

(1) Measure W, Public Safety Tax, approved an additional .25% sales tax which was effective April 1, 2005 to hire 40 additional police officers and 40 additional firefighters. Fiscal 2006 included two additional months of revenue to align revenues to the month they were earned.

Note: Beginning with fiscal year 2006, land secured financings were removed from government-wide financial statements. For comparative purposes, 2005 balances have been restated to reflect this change.

The City of Stockton implemented GASB 34 for the fiscal year ended June 30, 2002; information prior to that is not available.

(1) Measure W, Public Safety Tax, approved an additional .25% sales tax which was effective April 1, 2005 to hire 40 additional police officers and 40 additional firefighters. Fiscal 2006 included two additional months of revenue to align revenues to the month they were earned.

Beginning with fiscal year 2006, land secured financings were removed from capital projects funds and debt service funds and are reported in the Land Secured Financing Agency Fund. For comparative purposes, 2005 balances have been restated to reflect this change.

Totals	\$ 135,161	\$ 126,977	\$ 101,589	\$ 97,379	\$ 91,150

(1) Property taxes continue to increase due to the addition of the North Stockton Redevelopment Project Area, the growth in new homes, the values of homes being sold are higher than when purchased, and commercial development.

(2) Effective with fiscal year 2005, the City began receiving property tax in-lieu of sales tax under provisions of Proposition 1A approved by the voters of the State of California. Increases are due to increases in the value of property sold.

(3) The City Council approved a resolution in fiscal year 2005 to reduce the utility user tax rate from 8% to 6%, with the final reduction from 7% to 6% effective July 1, 2006. A mild winter combined with lower prices for natural gas and a rebate given to PG & E customers added to the overall reduction in revenue in 2007.

(4) Measure W, Public Safety Tax, approved an additional .25% sales tax which was effective April 1, 2005 to hire 40 additional police officers and 40 additional firefighters. Fiscal 2006 included two additional months of revenue to align revenues to the month they were earned.

(5) Contracts effective June 1, 2004 increased garbage haulers franchise fees.

(6) Business license revenue increased in 2006 based on the one-time revenue generated through the Voluntary Compliance (amnesty) Program.

(7) These fees are charged when property changes ownership. Home and other property sales have slowed considerably in 2007.

(8) Beginning with fiscal year 2006, land secured financings were removed from the debt service funds and reported in the Land Secured Financing Agency Fund. For comparative purposes, 2005 balances have been restated to reflect this change.

Total Direct Tax Rate	1.00%	1.00%	1.00%	1.00%

(1) All exemptions (secured, utility, and unsecured rolls) are: homeowners - \$270,466 and other - \$967,805 = \$1,238,271

Note: In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the property being sold is reassessed at the purchase price. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

(1) Stockton Unified School District Building Loan Repayment.

(2) Approved by the San Joaquin County Board of Supervisors for testing groundwater quality and investigating causes of contamination. Effective July 1, 2000 groundwater investigation is being charged as a benefit assessment.

Note: On June 6, 1978, California voters approved an amendment to the Article XIII A of the California Constitution. The amendment, commonly known as Proposition 13, limits the taxing power of California public agencies. The California Legislature enacted legislation to implement Article XIII A (Statutes of 1978, Chapter 292, as amended) providing that local agencies may not levy any property tax except to pay debt service on indebtedness approved by voters prior to July 1, 1978, and that each county will levy the maximum tax permitted of \$1.00 per \$100.00 of full assessed value.

Total Secured Property Valuation Before Exemptions	19,823,995		106.430	7,995,188		109.910
Less Exemptions relative to secured tax roll (1)	1,197,631		6.430	720,911		9.910
Total Secured Property Valuation	\$ 18,626,364		100.000 %	\$ 7,274,277		100.000 %

(1) Exemptions relative to secured tax roll are: FY 2007 - homeowners - \$270,325 and other - \$927,306 = \$1,197,631
FY 1998 - homeowners - \$224,857 and other - \$496,054 = \$720,911

Note: In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

Details regarding the City's outstanding debt can be found in the Note 7 on pages 58-67 of these financial statements.

(1) Beginning with fiscal year 2006, land-secured financings were removed from the City's government-wide financial statements and are no longer reported as governmental activities debt. For comparative purposes, 2005 balances were restated to reflect this change. For fiscal years 2004 and prior, the balances of land-secured financings are reflected in the balances reported above as revenue bonds, special assessment bonds, and Mello-Roos bonds of the governmental activities.

(2) See Table 17 for personal income and population data. These ratios are calculated using the latest available data, personal income for fiscal year 2006 and population for fiscal year 2007.

Legal debt margin	<u>\$ 676,619</u>	<u>\$ 591,073</u>	<u>\$ 526,390</u>	<u>\$ 461,760</u>

(1) Reflects City assessed valuation with Redevelopment tax increments of \$2,023,049 and other exemptions of \$967,805 deducted.

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1982 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the state.

Personal income is the income received by all persons from all sources. Personal income is the sum of net earnings by place of residence, rental income of persons, personal dividend income, personal interest income, and personal current transfer receipts.

Per capita personal income is calculated as the personal income of residents of a given area divided by the resident population of the area. In computing per capita personal income, Bureau of Economic Analysis uses the Census Bureau's annual midyear population estimates.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM,
INTERNAL CONTROL OVER COMPLIANCE AND THE
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS IN
ACCORDANCE WITH OMB CIRCULAR A-133**

Compliance

We have audited the compliance of the City of Stockton, California (City) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2007. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2007.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of and for the fiscal year ended June 30, 2007, and have issued our report thereon dated October 31, 2007. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the City Council, management, and officials of applicable federal and state grantor agencies and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Stockton, California (City), as of and for the year ended June 30, 2007, which collectively comprise the City's basic financial statements and have issued our report thereon dated October 31, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City's financial statements that is more than inconsequential will not be prevented or detected by the City's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that result in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the City Council, management, and officials of applicable federal and state grantor agencies and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF STOCKTON

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2007

NOTE A – REPORTING ENTITY

The accompanying schedule of expenditures of federal awards (SEFA) presents the expenditures of all the federal award programs of the City of Stockton, California (City) for the year ended June 30, 2007. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the SEFA. The City's reporting entity is defined in Note 1 to the City's financial statements.

The City administers certain federal awards through subrecipients. Those subrecipients are not considered part of the City's reporting entity.

NOTE B – BASIS OF ACCOUNTING

Expenditures as presented in the SEFA are reported on the modified accrual basis of accounting. That is, expenditures are recognized when they become a demand on current available financial resources. Receipts as presented in the SEFA are reported on the cash basis of accounting. That is, receipts are recognized when received. Federal receipts are reconciled to revenues as presented in the City's Comprehensive Annual Financial Report at the end of the SEFA.

NOTE C – LOAN GUARANTEES

The City entered into three loan guarantee agreements with the U.S. Department of Housing and Urban Development (CFDA No. 14.248) to complete redevelopment projects. The loan amounts are for a maximum of \$3,000,000, \$10,000,000, and \$12,500,000 each. Principal of \$460,000 was paid on these loans during fiscal year 2007; \$105,000, \$355,000, and \$0, respectively; leaving outstanding balances of \$2,470,000, \$8,435,000, and \$200,000, respectively, as of June 30, 2007. Final payment on the first two loans is due in August 2020; the third is due in August 2025. Interest is calculated at a variable rate based on the London Interbank Offered Rate (LIBOR) plus 20 basis points per annum. Accumulated interest will be recognized as expenditures when paid. Repayment of the loans will be financed from Community Development Block Grant entitlement funds.

CITY OF STOCKTON

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
(Continued)
FOR THE YEAR ENDED JUNE 30, 2007**

NOTE D – SUBRECIPIENTS

Federal assistance provided to subrecipients is summarized as follows:

<u>Federal Agency Program Title</u>	<u>Federal CFDA #</u>	<u>Subrecipient</u>	<u>Expended</u>
Department of Housing and Urban Development			
Community Development Block Grants/Entitlement Grants	14.218	San Joaquin Fair Housing	\$ 107,330
		TDS Construction and Home Repair	39,539
		Senior Service Center	73,400
		Second Harvest Food Bank	25,000
		San Joaquin County Hispanic	16,101
		Stockton Shelter for the Homeless	(8,850)
Emergency Shelter Grants Program	14.231	San Joaquin County Neighborhood Preservation	<u>205,685</u>
			<u>\$ 458,205</u>

NOTE E – HOUSING AND REHABILITATION PROGRAM LOANS

The City participates in federal housing and rehabilitation programs whereby funds have been received in the current year and prior years for housing and rehabilitation loans. Total loans outstanding for these programs are \$37,127,000 at June 30, 2007. Of this amount, loans totaling \$20,093,000 had continuing compliance requirements. The balance of these loans as of June 30, 2006 amounted to \$18,873,000. This amount has been included in the schedule of expenditures of federal awards under the Community Development Block Grants/Entitlement Grants program (CFDA No. 14.218) in the amount of \$17,226,000 and the HOME Investment Partnership Program (CFDA No. 14.239) in the amount of \$1,647,000. Interest earned and repayment of the loans are not refunded to the federal government, but are used to make additional loans.

No matters were reported.

Section III – Federal Award Findings and Questioned Costs

No matters were reported.

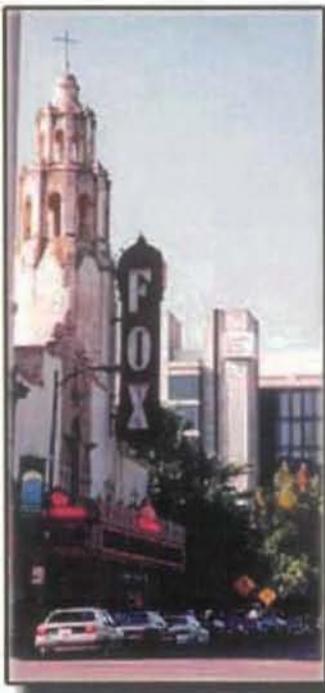

The accounting section for the City of Stockton is pictured inside the Bob Hope Theatre.

Seated (left to right): Kevin Beltz, Cathy Lucas, and Lynne Farrar.

Standing (left to right): Maryann Garcia, Katharine Moon, Armando Castillo, Mike Gunn, Teri Chapa, and Susan Jamison.

The Historic Bob Hope (Fox) Theatre has a long and colorful history. An estimated 20,000 people attended the grand opening on October 14, 1930. Since then, the theatre has been used for movies and live performances. It is a large theatre equipped with a complete stage, fly area, and orchestra pit, dressing rooms and has approximately 2,000 seats.

In 1979, the Fox was entered into the National Register of Historical Places and today is one of only two movie palaces in the Central Valley.

Congress awarded the City of Stockton \$290,000 in 2001 and \$225,000 in 2002 to help renovate the Fox Theatre. The State awarded the project with a \$300,000 California Heritage Fund Grant.

In May 2003, Stockton resident and developer Alex G. Spanos donated \$500,000 toward the renovation of this historical theatre. At his request, the City Council voted to name the theatre after one of the Country's best known entertainers - **Bob Hope**.

After restoration the Theatre celebrated a grand re-opening on September 18, 2004. The theatre is used for live performances, cinema, private parties and other special events.

Situated 345 miles north of Los Angeles and 78 miles east of San Francisco, Stockton is nestled between the Sierra Nevada Mountains and the Pacific Ocean. It is the seat of San Joaquin County, which is the heart of San Joaquin Valley—one of the world's most productive agricultural regions.
