Commercial Emergency Grant Program

Up to \$7,500

Commercial Emergency Grant

The Commercial Emergency Grant Program assists property and/or business owners in financial need with alleviating code violations where the health and safety of employees and/or the public is endangered (e.g., range hoods, grease interceptors, electrical, and plumbing). Funds are provided in the form of a grant with no repayment expected.

Eligibility Requirements

- Commercial properties must be located within Stockton City limits.
- Must show proof of financial need, with no other available sources of funding.
- Funds must be used to alleviate code violations where the health and safety of employees and/or the public is endangered.

All loans are subject to the availability of funds.

Grants cannot be approved for work started prior to historical review and formal grant approval.

How to Apply

- Contact the City of Stockton Economic Development Department for an application.
- Complete application and return to the Economic Development Department along with the following additional information (application will not be processed without this information):
 1. Most recent federal income tax return (including all schedules)
 2. Current financial statement outlining assets and debts
 3. Bank statements (3 months)
 4. If a corporation, persons holding 20% or more in shares must also submit a current tax return and financial statement

No agreement to grant funds is made or implied by the City of Stockton until the application is formally approved.
