

# Mariposa Lakes Stockton, California Illustrative Plan

Figure 4.4

**Note:**  
 Illustrative Plan has been provided to show how Mariposa Lakes may be developed. This plan is based on the Land Use Plan and the proposed land uses shown in that plan. The Plan is not intended to propose specific lotting schemes, park layouts, or commercial developments. It is to convey a sense of the community that may not be evident in the Land Use Plan. More detailed preliminary plans will be created and presented to the City during the Tentative Map phase of the community's development.
