## **Update: Wilson Way Road Repairs**

(Stockton, CA) – Wilson Way has been closed for emergency repairs due to an early morning fire on Sunday, February 28, 2016. The City of Stockton Public Works Department has partially opened Wilson Way to vehicle traffic only with one lane open in each direction; lanes narrow at Hazelton Avenue in the southbound direction and at Martin Luther King, Jr. Blvd. in the northbound direction. Truck traffic will continue to be rerouted to Airport Way.

Rerouting of truck traffic and lane restrictions will be in place over the next few weeks while clean-up and repairs are being completed at Mormon Slough Bridge.

The City of Stockton will be using changeable message signs to provide advance notification to travelers of traffic pattern changes associated with the work. Travelers may experience delays over the next few weeks, during peak travel times.

Those traveling in the area are encouraged to check the City's website, [www.stocktonca.gov/news](http://www.stocktonca.gov/news), for information and updates.
