Extensive community involvement and participation is essential to the process called “Envision Stockton 2040.” The new General Plan will serve as the City’s blueprint for future decisions regarding land use, community services, mobility, housing, and resource conservation. The proposed land use alternative map for the City of Stockton planning area will be updated with your input. This is the map that guides how Stockton will evolve over the next 20 plus years.

Please join us in the discussion and participate in the process. For questions about Envision Stockton 2040, please visit www.stocktonca.gov/envisionstockton, call (209) 937-8598, or e-mail David.Stagnaro@stocktonca.gov.
